If this person is not registered as a voter in the municipality where the principal electoral committee is situated, he shall also lodge a declaration by the municipal executive of the municipality where he is registered as a voter to the effect that he is qualified to take part in the election. The chairperson of the principal electoral committee or the member of the committee designated by him may require the person submitting the list to produce evidence of his identity. The candidates may be present when the list is submitted.

2. The person submitting the list may be authorised by the agent referred to in subsection 3 of sections G 1, G 2 or G 3 to place at the top of the list the appellation of the relevant grouping as registered by the central electoral committee. A declaration by the agent in evidence of this authorisation shall be submitted with the list.

3. The person submitting the list shall be qualified to place at the top of it an appellation formed by a combination of the appellations or abbreviations thereof registered for the relevant election, if he has been empowered to do so by the agents of the various groupings. A declaration to this effect by the agents shall be submitted with the list. An appellation formed in this way may not contain more than 35 letters or other characters.

4. The person who submitted the list shall receive proof thereof from the chairperson of the principal electoral committee or the member of the committee designated by him.

5. When and where forms for declarations relating to the placing of appellations of political groupings at the top of lists of candidates may be obtained, free of charge, shall be regulated by order in council. A model form shall be established by ministerial order.

Section H 4

shall be 30; in the case of an election to a municipal council with fewer than 39 but more than 19 seats to be filled, the minimum number of declarations of support shall be 20, and in the case of an election to a municipal council with fewer than 19 seats to be filled the minimum number of declarations of support to be submitted shall be 10.

The voter shall show the burgomaster or the municipal official evidence of his identity.

4. The burgomaster or the municipal official designated by him for this purpose shall immediately check whether the voter is registered in his municipality. If this proves to be the case, he shall note it on the declaration.

These lists shall be numbered from 1 onwards in the order of the total votes cast for them at that election, provided always that the number 1 is given to the list of the grouping with the most votes. In the event of a tied vote, the matter shall be decided by lot.

2. Subsection 1 shall apply *mutatis mutandis* to cases in which the appellations of two or more groupings are combined, if, at the last election to the relevant representative assembly, one or more seats were allocated to the combination of groupings or to at least one of them. Where one or more seats were allocated to at least one of the groupings in question, the number of votes cast for the lists of the groupings to which the seats were allocated shall be added together for the purposes of the provisions of the second sentence.

3. The numbers following those assigned by virtue of subsection 1 shall subsequently be assigned to the remaining groups of lists and sets of identical lists for which a list has been submitted in every electoral district, in an order to be determined by lot.

4. Where the number of electoral districts is the same, the matter shall be decided by lot.

2. After the burgomaster has received an official report from all the electoral committees situated in his municipality, he shall determine how many votes have been cast in his municipality for each candidate and each list.
3. The determination referred to in subsection 2 shall be made on a form for which a model shall be established by ministerial order.

The burgomaster shall ensure that the sealed packets containing ballot papers referred to in section N 9 are immediately taken to the chairperson of the principal electoral committee, at the latter's request, and that the sealed packets not taken to the central electoral committee are destroyed after the central electoral committee has determined the result of the election and a final decision has been taken on the admission of those elected.
3. If a public prosecutor or an examining magistrate has requested the surrender of the packets referred to in section N 2 in connection with a criminal investigation, these packets shall not be destroyed until the investigation is completed or, if criminal proceedings are instituted in connection with offences under the Elections Act or under articles 125 to 129 of the Criminal Code, until a final and conclusive judgment has been given.
4. An official report shall be drawn up of the destruction of the sealed packets.

Section N 13

The burgomaster is empowered to open the sealed packets containing the documents referred to in section N 2 and to surrender them to the public prosecutor in the interests of the investigation of any criminal offence after a final decision has been taken on the admission to the relevant representative assembly of the members elected.

Section N 14

1. Rules governing the count in polling stations where votes have been cast other than by means of ballot papers shall be made by order in council. These rules shall be made as far as possible in accordance with the provisions of this chapter.
2. An amendment to the order in council referred to in subsection 1 shall not take effect until two months after the date of publication of the issue of the Bulletin of Acts and Decrees in which it appears. The two Houses of the States General shall be notified immediately of such publication.

§ 2 Special provisions governing the count in postal voting

Section N 15

In the case of a postal vote electoral committee/polling station, the determination referred to in section N 1 shall apply to:

- (a) the number of return envelopes received by the electoral committee;
- (b) the number of return envelopes set aside pursuant to section M 11.

Section N 16

1. At a postal vote polling station, once section N 1, subsection 2 has been applied, the requests referred to in section M 4, subsection 4 together with a certified declaration by the electoral committee concerning the number of initials shall be placed in a packet, which shall then be sealed. The return envelopes referred to in section M 11 and the postal vote certificates submitted shall then be similarly packaged.
2. Before taking the measures referred to in section N 4, the chairperson of the postal vote electoral committee shall open the envelopes to be found in the ballot box. If an envelope is found to contain no ballot paper or more than one ballot paper, this shall be noted. If an envelope is found to contain more than one ballot paper, the chairperson of the postal vote electoral committee shall put these ballot papers back into the envelope and set it aside, after having sealed it.

Section N 16a

1. If the municipal executive of The Hague has availed itself of the power referred to in section M 9, subsection 2, it shall, notwithstanding section N 1, begin the count at 08.00 hours on polling day in respect of the ballot papers in the ballot box at that time.

2. With regard to the procedures referred to in sections M 10 and M 11, the count shall be suspended in accordance with rules to be made by order in council in respect of the unopened return envelopes. As soon as these procedures have been completed for all the return envelopes submitted on time, the count shall be resumed in accordance with rules to be made by order in council.

3. Section N 9 shall not apply until voting has finished at all the polling stations in the Netherlands. Any person who is *ex officio* in a position to know the number of votes determined is obliged to keep this information secret until the same time.

Section N 17

1. Section N 9, subsection 1 shall not apply if the count at a postal vote polling station outside the Netherlands begins earlier (by Dutch time) than in the Netherlands.

In that case the head of the diplomatic or consular mission or the representative of the Netherlands in the Netherlands Antilles or Aruba shall ensure that a copy of the official report from the postal vote electoral committee shall be available for public inspection at the mission for four weeks from the following day.

Section N 18

2. The latter shall ensure that the official report is immediately faxed to the burgomaster of The Hague.

3. He shall also ensure that the official report and the sealed packets referred to in sections M 8, N 2 and N 16 shall be sent as quickly as possible to the burgomaster of The Hague by diplomatic post.

Section N 21

The burgomaster of The Hague shall not determine the number of votes as referred to in section N 11, subsection 2 until he has been informed by fax of all the official reports from the postal vote electoral committees outside the Netherlands.

CHAPTER O

The function of the principal electoral committee in determining the election result

Section O 1

1. The principal electoral committee shall hold a public meeting at 10.00 hours on the second day after polling.

2. The chairperson shall be responsible for maintaining order during the meeting.

Section O 2

1. The principal electoral committee shall determine, in respect of each list, the number of votes cast for each candidate and the sum of these numbers. The sum shall be referred to as the total vote.

2. The chairperson shall announce the results thus obtained.

3. The voters present may raise verbal objections.

Section O 3

1. After all the procedures have been completed, an official report on them shall immediately be drawn up. All objections made shall be mentioned in the report.

2. The official report shall be signed by all the members of the principal electoral committee present.

3. A model for the official report shall be established by ministerial order.

4. If the election is to a municipal council or the council of a province which forms a single electoral district, the official report shall form part of the official report referred to in section P 22.

Section O 4

1. Unless the election is to a municipal council or the council of a province which forms a single electoral district, the chairperson shall immediately arrange for a copy of the official report referred to in section O 3 to be taken to the central electoral committee and shall at the same time deposit the official report at the clerk's office of the municipality where the principal electoral committee is situated for public inspection. Availability for inspection shall cease as soon as a final decision has been taken on the admission of those appointed.

2. The chairperson shall arrange for the official reports from the electoral committees, the statement referred to in section N 12, subsection 1, and, unless the election is to a municipal council or the council of a province which forms a single electoral district, a copy of the official report of the meeting of the principal electoral committee to be sent immediately to the representative assembly for which the election has been held.

Section O 5

1. The presiding officer of the assembly for which the election has been held may destroy the official reports of the electoral committees and the statements referred to in section N 12, subsection 1 after the central electoral committee has determined the result of the election and a final decision has been taken on the admission of the persons elected.

2. An official report shall be drawn up of the destruction referred to in this section.

Section O 6

Further rules governing the task of the principal electoral committee in determining the election result may be made by order in council.

CHAPTER P

Determination of the election result by the central electoral committee

§ 1 General provision

Section P 1

Immediately after receiving the copies of the official reports of all principal electoral committees, the central electoral committee shall begin to determine the result of the election. If the election is to a municipal council or the council of a province which forms a single electoral district, the central electoral committee shall do so immediately after the procedures referred to in sections O 1 and O 2 have been completed.

§ 2 The allocation of seats

Section P 2

1. A set of identical lists as referred to in section H 11, subsection 1 shall be treated as a single list for the purposes of determining the election result.

2. The central electoral committee shall add up the total votes for these identical lists and the numbers of votes cast for each candidate.

Section P 3

A group of lists as referred to in section H 11, subsection 2 shall, for the purposes of determining the number of seats to be allocated to it, be treated as a single list with a total vote equal to the sum of the total votes cast for the lists comprising the group.

Section P 4

1. A combined list as referred to in section I 10 shall, for the purposes of determining the number of seats to be allocated to it, be treated as a single list with a total vote equal to the sum of the total votes cast for the lists comprising the combination.

2. A combined list shall be taken into account only if at least two of the lists merged would have been allocated a seat if no combined list had been formed. Merged lists which would not have been awarded a seat individually shall not be deemed to form part of the combined list.

Section P 5

1. The central electoral committee shall divide the sum of the total votes cast for all the lists by the number of seats to be allocated.

2. The quotient thus obtained shall be known as the electoral quota.

Section P 6

A seat shall be awarded to a list as many times as the total vote for that list contains the electoral quota.

Section P 7

1. If the number of seats to be allocated is nineteen or more, the remaining seats, known as residual seats, shall be awarded sequentially to the lists which, after the award of the seat, have the highest average number of votes per seat awarded. If averages are the same, the matter shall be decided by lot.

2. If the election is to the Lower House, lists with a total vote lower than the electoral quota shall not be eligible for seats awarded in this way.

Section P 8

1. If the number of seats to be allocated is fewer than nineteen, the residual seats shall be awarded sequentially to the lists whose total votes have the largest remainder when divided by the electoral quota. Lists which have no remainder shall be deemed for this purpose to be the lists with the smallest remainder. If remainders are the same, the matter shall be decided by lot.

2. Lists with a total vote lower than 75% of the electoral quota shall not be eligible for seats awarded in this way.

3. If all the eligible lists have received a residual seat and there are still seats to be allocated, these seats shall be awarded in accordance with the system of the highest averages as referred to in section P 7, subsection 1, provided always that no more than one seat may be awarded in this way to any of the lists.

Section P 9

If a list which has obtained an absolute majority of the valid votes cast has been awarded a number of seats which is smaller than the absolute majority of the number of seats to be awarded, the list in question shall be awarded one additional seat. One seat awarded to the list which obtained a seat for the lowest average or the smallest remainder shall therefore be withheld. If two or more lists obtained a seat for an equally low average or an equally low remainder, the matter shall be decided by lot.

Section P 10

If as a result of the application of the previous provisions a list would be awarded more seats than it has candidates, the remaining seat or seats shall pass, by the continued application of such provisions, to one or more of the other lists containing candidates to whom no seat has been awarded.

Section P 11

1. The division of the seats awarded to a combined list among the lists which have been combined shall be effected as follows.

2. The central electoral committee shall divide the total vote cast for the combined list by the number of seats awarded to the combined list.

3. The quotient thus obtained shall be known as the combination electoral quota.

4. A seat awarded to the combined list shall be awarded to each of the lists comprising the combination as many times as the total vote cast for the relevant list contains the combination electoral quota.

5. The residual seats shall be awarded sequentially to the lists in the combination whose total votes have the highest remainder when divided by the combination electoral quota. Lists which have no remainder shall be deemed for this purpose to be the lists with the lowest remainder. If remainders are the same, the matter shall be decided by lot.

Section P 12

1. The division of the seats awarded to a group of lists among the lists which comprise the group shall be effected as follows.

2. The central electoral committee shall divide the total vote cast for the group of lists by the number of seats awarded to the group.

3. The quotient thus obtained shall be known as the group electoral quota.

4. A seat awarded to the group shall be awarded to each of the lists comprising the group as many times as the total vote for the relevant list contains the group electoral quota.

5. The residual seats shall be awarded sequentially to the lists of the group whose total votes have the highest remainder when divided by the group electoral quota. Lists which have no remainder shall be deemed for this purpose to be the lists with the lowest remainder. If remainders are the same, the matter shall be decided by lot.

Section P 13

1. If the application of section P 11 or section P 12 would result in the award of more seats to a list than there are candidates, the remaining seat or seats shall pass, by the continued application of such provisions, to one of the other lists in the combination or group, as the case may be, containing candidates to whom no seat has been awarded.

2. If there are still seats to be allocated after subsection 1 has been applied, they shall be allocated in accordance with the system of the highest averages as referred to in section P 7, subsection 1.

Section P 14

The drawing of lots referred to in the previous sections shall take place at the meeting of the central electoral committee referred to in section P 20.

§ 3 Award of seats to the candidates

Section P 15

1. Candidates who have obtained a number of votes exceeding 25% of the electoral quota on the joint lists on which they appear shall be elected in the order of the number of votes cast for them, provided sufficient seats have been awarded to the relevant group of lists, set of identical lists not forming part of a group or separate list. If the numbers are the same, the matter shall if necessary be decided by lot.

2. If the number of seats to be allocated is lower than nineteen, half rather than 25% of the electoral quota shall be taken into account when applying subsection 1.

Section P 16

1. If, in the case of a group of lists, a candidate elected in this way appears on more than one list or set of identical lists, he shall be deemed to have been elected for the list or set of identical lists on which he has obtained the highest number of votes, in so far as sufficient seats have been awarded to that list or set of identical lists. If the numbers are the same, he shall be deemed to have been elected for the list submitted in the electoral district with the lowest number or for the set of identical lists to which the list submitted in the electoral district with the lowest number belongs.

2. If sufficient seats have not been awarded to any of the lists or sets of identical lists on which the elected candidate appears, he shall nonetheless be awarded a seat in respect of the list or set of identical lists on which he has obtained the highest number of votes. The seat which was last awarded in accordance with sections P 12 or P 13 to one of the lists or sets of identical lists of the group shall therefore be withheld.

Section P 17

Seats awarded to lists which do or do not form part of a group of lists or to sets of identical lists, which have not been awarded to a candidate after sections P 15 and P 16 have been applied shall be awarded to the as yet unelected candidates on the relevant lists or sets of identical lists in the order in which they appear on the list.

Section P 18

1. If, pursuant to section P 17, a candidate has been declared elected for more than one list or set of identical lists in a group of lists, he shall be deemed to have been elected for the list or set of identical lists on which the largest number of votes were cast for him. If the numbers are the same, he shall be deemed to have been elected for the list or set of identical lists submitted in the electoral district with the lowest number.

2. The seats allocated to a list or set of identical lists which have not yet been allocated to a candidate after subsection 1 has been applied shall be allocated to the as yet unelected candidates on the relevant list or set of identical lists in the order in which they appear on the list.

3. If, once subsection 2 has been applied, a candidate has again been elected for more than one list or set of identical lists, the procedure referred to in subsections 1 and 2 shall be repeated until all the seats allocated to the lists or sets of identical lists have been allocated to candidates.

Section P 18a

If an elected candidate has died, he shall not be considered for the purposes of this division.

Section P 19

1. The central electoral committee shall arrange the candidates appearing on each list or set of identical lists in the order in which they have been awarded the seats, with at the top the candidates to whom a seat has been allocated pursuant to section P 15.

2. These shall be followed, in the order of the number of votes cast for them, by the candidates appearing on the list or set of identical lists who have obtained more than 25% or half of the electoral quota on the joint list on which they appear but who have not been declared elected in accordance with section P 15, subsection 1 or 2

as the case may be. If the numbers are equal, the matter shall be decided by the order in which they appear on the list.

3. Finally, the other candidates appearing on the list or set of identical lists shall be arranged in the order of the list.

4. Section P 18 shall not apply to the arrangement of the candidates in order.

5. Except in an election to a municipal council with nine or eleven members, this need not be done in respect of lists or sets of identical lists for which no candidates have been declared elected and which do not form part of a combined list or group of lists to which one or more seats have been awarded.

§ 4 Publication of the election result

Section P 20

1. The chairperson of the central electoral committee shall announce the result of the election as quickly as possible. The announcement shall be made at a public meeting of the central electoral committee.

2. The time and date of the meeting shall be announced in good time by the chairperson. The manner of the announcement shall be regulated by order in council.

3. The voters present may raise verbal objections.

4. The chairperson shall be responsible for maintaining order during the meeting.

Section P 21

1. At the meeting referred to in section P 20, before the result of the election is announced, the central electoral committee may decide, either *ex proprio motu* or in response to a reasoned request from one or more voters, to conduct a re-count of the ballot papers from all or from one or more of the polling districts if there are serious grounds for suspicion that errors in the count that might affect the allocation of seats have been made by one or more electoral committees. The burgomaster who has the relevant ballot papers in his possession shall have them taken immediately to the central electoral committee at the latter's request.

2. On receipt of the ballot papers, the central electoral committee shall immediately start the re-count. It shall be empowered to open the sealed packets and to compare the contents with the official reports of the electoral committees.

3. Sections N 5, N 8 and N 9 shall apply *mutatis mutandis* to this re-count.

Section P 22

1. After all the procedures have been completed, an official report of them shall be drawn up immediately. The official report shall include the result of the election and all the objections made.

2. The official report shall be signed by all the members of the central electoral committee who are present.

3. A model for the official report shall be established by ministerial order.

Section P 23

1. The chairperson of the central electoral committee shall announce the result of the election of the members of the Lower House as quickly as possible by placing a copy of the official report in the Netherlands Government Gazette.

2. The chairperson of the central electoral committee shall announce the result of the election of the members of a provincial council or of a municipal council as quickly as possible by depositing a copy of the official report at the provincial clerk's office or the municipal clerk's office, as the case may be, for public inspection. Public notice of the deposit for inspection shall at the same time be given by the King's Commissioner or the burgomaster, as the case may be. The deposit for inspection shall end as soon as a final decision has been taken on the admission of the members elected.

Section P 24

The chairperson of the central electoral committee shall send a copy of the official report to the representative assembly to which the election was held.

Section P 25

The chairperson of the central electoral committee shall ensure the safekeeping of the sealed packets containing ballot papers that have been transferred to the central electoral committee pursuant to section P 21, subsection 1. He shall not destroy these packets until a final decision has been taken on the admission of the members appointed. An official report shall be drawn up of such destruction.

PART III

Requests submitted after the forty-third day before nomination shall not be considered for the next election.
3. Subsections 2 to 7 of section G 1 shall apply *mutatis mutandis*, provided that, for the purposes of subsection 7 (d), 'the Lower House' is read as 'the Upper House' and 'subsection 2 or 3 of section H 3' is read as 'subsection 1 or 2 of section R 7'.
4. Apart from the grounds referred to in section G 1, subsection 4, a request to register the appellation of a political grouping for an election to the Upper House shall be rejected if the appellation is identical with or very similar to an appellation of another political grouping that has already registered for the election to the Lower House, or an appellation in respect of which a registration request for the election to the Lower House has been submitted earlier or on the same day, creating the risk of confusion.

2. No one list may include the names of more than thirty candidates. In the case of a political grouping whose appellation appeared at the top of a list of candidates to which more than fifteen seats were awarded at the last election to the Upper House, the number of names that may appear on the same list may not exceed twice the number of seats and may in any event never exceed eighty. The provisions of the previous sentence shall apply *mutatis mutandis* to combined appellations of two or more groupings.

A declaration evidencing this power shall be submitted with the list. An appellation formed in this way may not contain more than 35 letters or other characters.
3. When and where forms for the declarations relating to the placing of appellations of political groupings at the top of lists of candidates may be obtained, free of charge, shall be regulated by order in council. A model for the form shall be established by ministerial order.

Section R 8

2. A declaration of consent may not be retracted once submitted.
3. The list shall be accompanied by valid proof of identity for every candidate who is not a member of the Upper House. If valid proof of identity for a particular candidate is absent, the declaration of consent of the candidate concerned shall be considered to be absent.

4. If the candidate is outside the Netherlands, the declaration need not be made on a particular form and may also be made by telegram or telex.

Section R 9

1. A candidate whose place of residence is situated outside the Netherlands shall, in the declaration of consent, also designate an agent resident in the Netherlands, stating the latter's name, initials, and address. perform the procedures referred to in section V 2, subsections 1, 4 and 5, section V 3, subsections 1 and 2, and section W 2, subsection 1(e).

2. This authorisation may be used only to ensure that candidates on the political grouping's joint lists are declared appointed in the order established by the said grouping before polling day.

3. If the appointment precedes the first meeting of the newly elected assembly, the authorisation may not be used for candidates who have obtained a number of votes on the joint lists on which they appear which exceeds half of the electoral quota.

4. The political grouping shall communicate the order referred to in subsection 2 to the central electoral committee no later than two weeks after nomination day. The chairperson of the central electoral committee shall ensure that the order is published in the Netherlands Government Gazette as soon as possible.

5. Section R 9, subsection 2 shall apply *mutatis mutandis*.

Section R 10

1. Lists of candidates submitted in different provinces on which the same candidates appear in the same number and the same order shall together form a set of identical lists.

2. Lists of candidates at the top of which the same appellation of a political grouping appears or on which the first candidate is the same shall together form a group of lists. - (b) it has not been signed in accordance with the provisions of section R 2;
- (c) it does not comply with the model established by ministerial order;
- (d) all the candidates have been struck off it pursuant to section S 4.

Section S 4

1. The central electoral committee shall strike off the list, in the order indicated in this subsection, the name of a candidate:

- (a) who has not been described in accordance with the provisions of section R 6;
- (b) for whom no declaration of consent to the nomination has been submitted;
- (c) whose place of residence is situated outside the Netherlands, if no agent has been designated;
- (d) who appears on more than one of the lists submitted in the same province;
- (e) in respect of whom an extract from the register of deaths or a copy of a death certificate has been submitted;
- (f) who appears on the list after the maximum number of names permitted.

2. The central electoral committee shall strike from the list, in the order indicated in this subsection, the appellation of a political grouping, if:

- (a) there is no declaration as referred to in section R 7;
- (b) the appellation appears at the top of more than one of the lists submitted to the central electoral committee by different political groupings.

3. If the appellation of a political grouping does not correspond with that under which it has been registered, the central electoral committee shall alter it *ex proprio motu* to make it so correspond.

Section S 5

1. Any interested party or any voter may appeal against a decision as referred to in section S 2 to the Administrative Jurisdiction Division of the Council of State.

2. Section I 7, subsection 1, second sentence, and subsections 2 to 4 shall apply *mutatis mutandis*.

3. The president of the Division shall immediately notify the parties and the chairperson of the central electoral committee of the judgment.

Section S 6

1. If an appeal has been instituted against a decision by the central electoral committee declaring a list invalid or striking off the name of a candidate or the appellation of a political grouping on the grounds of one or more of the omissions referred to in section S 1, subsection 3, without having first informed the person who submitted the list of the existence of such omissions in accordance with the provisions of that section, the latter may rectify the omission or omissions at the secretariat of the Council of State. Section S 1, subsection 5, shall apply *mutatis mutandis*.

2. If an omission has been rectified in accordance with subsection 1, the Administrative Jurisdiction Division of the Council of State shall take this into account in its judgment.

Section S 7

1. An official report shall be drawn up of the meetings referred to in sections S 1 and S 2.

2. Those present at the meeting referred to in section S 2 may make verbal objections. Mention of these objections shall be made in the report.

3. Model official reports shall be established by ministerial order.

§ 2 The merging of lists of candidates to form a combined list

Section S 8

1. Lists of candidates of different political groupings may be merged to form a combined list by the submission, between 09.00 and 17.00 hours on the third day after nomination day, to the central electoral committee of a joint declaration in writing to this effect by the agents specified on the lists.

2. Such a merger may be effected only:

- (a) between political groupings whose appellation for an election to the Upper or Lower House has been registered pursuant to section Q 6 or section G 1;
- (b) if the combination relates to all lists submitted for a grouping in the various provinces, and
- (c) if the combination involves the same grouping or groupings in all provinces.

3. The provisions of subsection 2, chapeau and (a), shall also apply to the combining of appellations of two or more groupings, if the appellation formed in this way appears on all the lists submitted for these groupings.

4. A model for the declaration referred to in subsection I shall be established by ministerial order.

Section S 9

The central electoral committee shall decide on the validity of the combined lists at the meeting referred to in section S 2.

§ 3 The numbering of the lists of candidates

Section S 10

The central electoral committee shall number the lists of candidates at the meeting referred to in section S 2.

Section S 11

For numbering purposes, groups of lists and sets of identical lists not forming part of a group shall be treated as single lists.

Section S 12

1. The first lists to be numbered shall be those of political groupings whose appellation appeared at the top of a list of candidates to which one or more seats were allocated at the last election to the Upper House. These lists shall be numbered from 1 onwards in the order of the total votes cast for the relevant lists at that election, provided always that the number 1 is given to the list of the grouping with the highest total vote. In the event of a tied vote, the matter shall be determined by lot.

2. Subsection 1 shall apply *mutatis mutandis* to cases in which the appellations of two or more groupings are combined if, at the last election to the Upper House, one or more seats were allocated either to the combinations of groupings or to at least one of them. Where one or more seats were allocated to at least one of the groupings, the number of votes cast for the lists of the groupings to which the seats were allocated shall be added together for the purposes of subsection 1, second sentence.

3. The remaining groups of lists and sets of identical lists for which a list has been submitted in every province shall subsequently be numbered in an order to be determined by lot.

4. If two or more lists of candidates of the same grouping are submitted in one province, these lists shall be given a letter as well as a number.

5. If there are still lists to be numbered after subsection 2 has been applied, section I 14, subsections 4 and 5 shall be applied *mutatis mutandis*.

Section S 13

After a final decision has been taken on the validity of the lists submitted, the chairperson of the central electoral committee shall publish the lists no later than the seventh day before polling day by placing the lists, arranged by province, in the Netherlands Government Gazette, stating their numbers and letters and, where appropriate, the appellations of the political groupings. He shall also state which lists have been merged to form a combined list.

Section S 14

A decision to declare a list of candidates invalid shall not affect the numbers given to the other lists of candidates.

CHAPTER T **Voting and the count**

Section T 1

Voting shall take place on the thirty-fourth day after nomination day.

Section T 2

1. The lists of candidates for whom votes may be cast shall be printed on one side of the ballot paper used in the election, with the name of the province and the signature of the presiding officer of the provincial council on the other.

2. A model ballot paper shall be established by ministerial order.

3. The presiding officer shall ensure that the requisite number of ballot papers are available in the assembly before the start of voting.

Section T 3

The presiding officer shall appoint three members from those present in the assembly of the provincial council to form the electoral committee, with himself as chairperson.

Section T 4

1. A member of the provincial council shall vote by colouring red a white spot in the box opposite the name of the candidate of his choice.

2. A member of the provincial council shall be permitted to vote by proxy at his request. A member wishing to exercise this right shall do so by notifying the presiding officer in writing before the start of the meeting of the provincial council at which voting will take place, designating a member of the provincial council who is prepared to act as proxy. A member of the provincial council may not accept more than one appointment as proxy. A model notification shall be established by ministerial order.

Section T 5

After casting his vote a member of the provincial council shall hand his folded ballot paper to the chairperson.

Section T 6

1. The chairperson shall announce how many ballot papers have been lodged.

2. The vote shall be invalid if this number exceeds the number of members present in the assembly, plus the number of members present who have been authorised to cast proxy votes.

3. In that case the chairperson shall destroy the ballot papers lodged and a fresh vote shall take place.

Section T 7

1. The chairperson shall open the ballot papers.

2. He shall then state the list and the candidate for which each ballot paper was cast.

3. After one of the members of the electoral committee has checked the ballot paper, the two other members shall keep a note of each vote cast.

Section T 8

1. Ballot papers other than those permitted by or pursuant to this Act shall be invalid.

2. Ballot papers on which a member of the provincial council has not indicated unequivocally, by colouring the white spot in a box entirely or partly red, for which candidate he has cast his vote and ballot papers to which additions have been made from which a member of the provincial council can be identified shall also be invalid.

Section T 9

In the event of doubt about the validity of a ballot paper the assembly shall decide. In the event of a tied vote, the presiding officer shall decide.

Section T 10

1. Immediately after the votes have been counted, the chairperson shall announce in respect of each list both the number of votes cast for each candidate and the number of votes cast for the list as a whole. The latter figure shall be referred to as the total vote.

2. The ballot papers declared invalid shall subsequently be placed in a packet, which shall then be sealed. On this packet shall be stated:

- (a) the name of the province;
- (b) the number of ballot papers contained in the packet.

3. The valid ballot papers, arranged by list, shall be placed in one or more packets, which shall then be sealed. On each packet shall be stated:

- (a) the name of the province;
- (b) the number of ballot papers contained in the packet.

Section T 11

1. After all the procedures referred to in section T 10 have been completed, an official report on the voting and the count shall be drawn up immediately.
2. The official report shall be signed by the chairperson and all the members of the electoral committee.
3. The official report, together with the sealed packets referred to in section T 10, shall be taken to the chairperson of the central electoral committee immediately after voting has ended.
4. A model for the official report shall be established by ministerial order.

CHAPTER U

Determination of the election result by the central electoral committee

§ 1 General provisions

Section U 1

Immediately after the official reports have been received, the central electoral committee shall determine the result of the election.

Section U 2

1. Each vote shall count, according to the province where it has been cast, for a number of votes equal to the figure obtained by dividing the population of the province by a hundred times the number of members comprising the provincial council. The quotient is then rounded to a whole number, upwards if the fraction is 1/2 or more and downwards if the fraction is less than 1/2. This figure is known as the vote value.
2. The population of a province shall be taken to be the population according to the statistics published by Statistics Netherlands (CBS) for 1 January of the year in which the election takes place.
3. If, in the case of dissolution of the Upper House, the population statistics for 1 January of the year in which the election takes place are not yet known, the vote value shall be determined by reference to the population statistics published by Statistics Netherlands for the first day of the fourth month before the month in which nomination day falls.

§ 2 The allocation of seats

Section U 3

For each province the central electoral committee shall multiply the number of votes cast for each candidate and the total vote cast for the lists by the vote value for that province. In order to determine the result of the election, the products thus obtained shall serve as the numbers of votes cast for each candidate or the total votes cast for the lists, as the case may be.

Section U 4

1. A set of identical lists as referred to in section R 10, subsection 1, shall be treated as a single list for the purpose of determining the result of the election.
2. The central electoral committee shall add up the total votes for these identical lists and the number of votes cast for each candidate.

Section U 5

A group of lists as referred to in section R 10, subsection 2, shall be treated, for the purpose of determining the number of seats to be allocated to it, as a single list with a total vote equal to the sum of the total votes of the lists comprising the group.

Section U 6

1. A combined list as referred to in section S 8 shall be treated, for the purpose of determining the number of seats to be allocated to it, as a single list with a total vote equal to the sum of the total votes of the lists comprising the combination.
2. A combined list shall be taken into account only if at least two of the lists merged would have been allocated a seat if no combined list had been formed. Merged lists which would not have been awarded a seat individually shall not be deemed to form part of the combined list.

Section U 7

1. The central electoral committee shall divide the sum of the total votes of all the lists by the number of seats to be allocated.
2. The quotient thus obtained shall be known as the electoral quota.

Section U 8

A seat shall be allocated to a list as many times as the total vote for that list contains the electoral quota.

Section U 9

The remaining seats, known as residual seats, shall be allocated sequentially to the lists which, after the seats have been allocated, have the highest average number of votes per seat allocated. If the averages are equal, the matter shall be decided by lot.

Section U 10

If, as a result of the application of the previous provisions, a list would be allocated more seats than it has candidates, the remaining seat or seats shall pass, by the continued application of such provisions, to one or more of the other lists containing candidates to whom no seat has been allocated.

Section U 11

1. The allocation of the seats awarded to a combined list among its constituent lists shall be effected as follows.
2. The central electoral committee shall divide the total vote of the combined list by the number of seats awarded to the combined list.
3. The quotient thus obtained shall be known as the combination electoral quota.
4. A seat awarded to the combination shall be awarded to each of the lists comprising the combination as many times as the total vote of the relevant list contains the combination electoral quota.
5. The residual seats shall be awarded sequentially to the lists in the combination whose total votes have the highest remainder when divided by the combination electoral quota. Lists which have no remainder shall be deemed for this purpose to be the lists with the lowest. If the remainders are equal, the matter shall be decided by lot.

Section U 12

1. The allocation of the seats awarded to a group of lists among the lists which comprise the group shall be effected as follows.
2. The central electoral committee shall divide the total vote of the group of lists by the number of seats awarded to the group.
3. The quotient thus obtained shall be known as the group electoral quota.
4. A seat awarded to the group shall be awarded to each of the lists comprising the group as many times as the total vote of the relevant list contains the group electoral quota.
5. The residual seats shall be awarded sequentially to the lists of the group whose total votes have the highest remainder when divided by the group electoral quota. Lists which have no remainder shall be deemed for this purpose to be the lists with the lowest remainder. If the remainders are equal, the matter shall be decided by lot.

Section U 13

1. If the application of section U 11 or section U 12 would result in the award of more seats to a list than there are candidates, the remaining seat or seats shall pass, by the continued application of such provisions, to one of the other lists of the combination or group, as the case may be, containing candidates to whom no seat has been awarded.
2. If there are still seats to be awarded after subsection 1 has been applied, they shall be awarded in accordance with the system of the highest averages as referred to in section U 9.

Section U 14

The drawing of lots referred to in the previous sections shall take place at the meeting of the central electoral committee referred to in section U 16.

§ 3 Award of seats to the candidates

Section U 15

1. The candidates elected shall be those on the list designated for this purpose by applying sections P 15 to P 18(a) *mutatis mutandis*.
2. The order in which the candidates are placed shall be determined in accordance with the provisions of section P 19.

3. Notwithstanding section P 15, subsection 1, and section P 19, subsection 2, candidates who have obtained a number of votes exceeding half of the electoral quota on the joint lists on which they appear shall be elected or arranged in order of the number of votes cast for them, as the case may be.

§ 4 Publication of the election result

Section U 16

1. The chairperson of the central electoral committee shall announce the result of the election as quickly as possible. The announcement shall be made at a public meeting of the central electoral committee. Section P 20, subsections 2 to 4, and section P 22 shall apply.

2. The chairperson of the central electoral committee shall publish the result of the election as quickly as possible by placing a copy of the official report of the meeting in the Netherlands Government Gazette.

3. The chairperson of the central electoral committee shall send a copy of the official report to the Upper House.

Section U 17

The central electoral committee may decide, either *ex proprio motu* or in response to a reasoned request from one or more members of a provincial council, to conduct a re-count of the ballot papers from one or more provinces.

Section U 18

1. As soon as the result of the election has been determined, the opened packets shall be resealed, after all the ballot papers have been replaced in them.

2. The official report referred to in section U 16 and the sealed packets shall be kept by the central electoral committee. Once a decision has been taken on the admission of those elected the sealed packets shall be destroyed. An official report shall be drawn up of such destruction.

PART IV The commencement of and changes in membership of the Lower and Upper House of the States General and of provincial and municipal councils

CHAPTER V

The commencement of membership

§ I General provisions

Section V 1

1. The chairperson of the central electoral committee shall notify an appointee in writing of his appointment. The letter containing this notification shall be sent by registered letter or receipted delivery no later than the third day after the determination of the result of the election or after the declaration of appointment.

2. If the appointee has designated an agent, the letter shall be sent or handed to the agent.

3. The chairperson shall at the same time give written notice of the appointment to the representative assembly. This notice shall serve as the appointee's credentials.

Section V 2

1. The appointee shall ensure that the representative assembly receives a communication accepting the appointment from him or from the agent, as the case may be, by letter or telegram no later than the tenth or, in the case of an appointment to fill a vacancy occurring after the first meeting of the newly elected assembly, the twenty-eighth day after the date of the notification of appointment.

2. If such a communication has not been received within this time limit, he shall be deemed not to have accepted the appointment.

3. The presiding officer of the representative assembly shall inform the chairperson of the central electoral committee without delay that the appointee has accepted the appointment or that he is deemed not to have accepted it.

4. If the appointee does not accept the appointment, he or his agent shall inform the chairperson of the central electoral committee accordingly by letter or telegram within the time limit referred to in subsection 1. The chairperson shall notify the representative assembly.

5. Until such time as a decision - or a final decision - has been taken to admit the appointee, the latter or his agent may inform the representative assembly by letter or telegram that he has reconsidered his acceptance of the appointment. He shall then be deemed not to have accepted the appointment. The presiding officer of the

representative assembly shall give immediate notice of receipt of this communication to the chairperson of the central electoral committee.

Section V 3

1. When stating that he accepts his appointment the appointee or his agent shall at the same time file with the representative assembly a declaration signed by him and disclosing all public offices held by the appointee.

2. Unless the appointee was already a member of the representative assembly at the time of his appointment, he shall also file an authenticated copy of an entry in the municipal database of the municipality where he is registered as a resident, showing his place of residence, his date and place of birth, and, in the case of an appointment to the Lower or Upper House or to a provincial council, his Dutch nationality.

3. The agent of an appointee who has his place of residence outside the Netherlands shall file, instead of the copy referred to subsection 2, an extract from the register of births showing the date and place of birth of the appointee and proof that the appointee has Dutch nationality.

4. If a person appointed as a member of a municipal council is not a national of a European Union member state, he shall file an authenticated copy of data from the records database of the municipality where he is registered as a resident, showing that he fulfils the requirements referred to in section 10, subsection 2 of the Municipalities Act.

Section V 4

1. The representative assembly for which the election has been held shall examine the credentials and decide whether to admit the appointee as a member of the assembly. In doing so, it shall ascertain that the appointee fulfils the requirements for membership and holds no position incompatible with membership, and shall settle any disputes which arise in connection with the credentials or the election itself. If the appointee will have reached the requisite age for membership before the first meeting of the newly elected assembly, account will be taken of this in reaching the decision. The examination of the credentials of members of the Lower or Upper House, as the case may be, shall be regulated in the rules of procedure of the relevant House.

2. The examination of the credentials shall not extend to the validity of the lists of candidates or the combinations of lists.

3. In the case of the admission of a person appointed to fill a casual vacancy, the examination shall not extend to points involving the conduct of the election or the determination of the result.

4. For the purposes of the examination referred to in subsection 1, the representative assembly may decide on a re-count of the ballot papers from all or from one or more of the polling districts or provinces. The burgomaster who has the relevant ballot papers in his possession or the chairperson of the central electoral committee for an election to the Upper House, as the case may be, shall have them taken immediately to the representative assembly at its request. The representative assembly shall start the re-count immediately after receiving the ballot papers. To this end it shall be empowered to open the sealed packets and to compare the contents with the official reports of the electoral committees. Sections N 5, N 8 and N 9 shall apply *mutatis mutandis* to this re-count.

5. For the purposes of the examination referred to in subsection 1, the representative assembly shall also be empowered to open the sealed packets referred to in section N 2. The burgomaster who has the relevant packets in his possession shall have them taken immediately to the representative assembly at its request. Once the examination has been completed, the documents from the opened packets shall be repacked and sealed as prescribed in section N 2.

Section V 5

An invalid poll in one or more polling districts or provinces or any error in the determination of an election result shall not prevent the admission of members whose election cannot have been affected by the invalidity or error or, in the event of an invalid poll, by a new poll.

Section V 6

1. If the assembly to which an appointment has been made decides not to admit one or more persons on account of an invalid poll in one or more polling districts or provinces, the presiding officer shall immediately notify Our Minister of the Interior and Kingdom Relations in the case of an election to the Lower or Upper House, the provincial executive in the case of an election to a provincial council, and the municipal executive in the case of an election to a municipal council.

2. A fresh vote shall be held no later than the thirtieth day after this notification has been received, in the polling districts or provinces referred to in subsection 1, and the result of the election shall be determined anew. The date of the vote shall be determined by Our Minister of the Interior and Kingdom Relations in the case of an election to the Lower or Upper House, by the provincial executive in the case of an election to a provincial council, and by the municipal executive in the case of an election to a municipal council.

3. During this determination, a person who has already been admitted as a member shall remain elected, even if it proves that the election was incorrect. The candidate who would have been elected if the person admitted had not been declared elected shall then drop out.

Section V 7

1. The persons qualified to vote in a poll as referred to in section V 6 shall be those whose names appear in the extracts referred to in section J 17, subsection 1, with the exception of those by whose name the word "pass", "proxy" or "post" was placed. Also qualified to vote for this purpose are the voters whose names appear on voters' passes, certificates of authorisation and postal vote certificates that have been submitted, if the said documents were used in the poll declared invalid. In the case of an electoral committee as referred to in section M 9, those qualified to vote are the voters whose names appear on the requests referred to in section M 4, subsection 4.

2. If, after the poll has been declared invalid, names are found to have been omitted from or to appear in error in the extracts referred to in section J 17, subsection 1, the persons concerned shall be qualified or not qualified, as the case may be, to vote in the poll referred to section V 6. The extracts shall be amended for this purpose.

3. An authorisation to vote by proxy granted for the poll declared invalid shall not apply to the fresh vote referred to in subsection 1.

Section V 8

If the assembly to which the appointment has been made decides not to admit as a member one or more of the appointees because the result of the election was determined incorrectly, the presiding officer shall immediately notify the central electoral committee accordingly.

Section V 9

1. The central electoral committee shall hold a public meeting no later than the fourteenth day after receipt of the notification referred to in section V 8, and, having regard to the decision referred to in section V 8, shall determine the result of the election anew if necessary.

2. Sections P 20 and P 22 to P 24 shall apply *mutatis mutandis*.

3. The examination of the credentials of the person thus newly elected shall not extend to points involving the conduct of the election.

Section V 10

If the assembly to which an appointment has been made has decided not to admit the appointee as a member because he does not fulfil the requirements for membership or holds a position incompatible with membership, or because the declaration of appointment by the chairperson of the central electoral committee contravenes the provisions of Chapter W, the presiding officer of the assembly shall immediately notify the chairperson of the central electoral committee accordingly.

Section V 11

The membership of a person appointed as a member of a representative assembly shall commence as soon as his admission has become final.

§ 2 Special provisions governing the commencement of membership of a provincial or municipal council

Section V 12

The decision on the admission of persons elected to a provincial council or a municipal council shall be taken no later than the twenty-seventh day after the poll or, if this is not possible, as quickly as possible thereafter. In the case of the admission of persons appointed to fill casual vacancies, the decision shall be taken immediately.

Section V 13

1. Written notice of every decision relating to the admission of a person appointed to be a member of a provincial or municipal council, as the case may be, shall be given by the provincial or municipal executive respectively to the appointee.

2. A person who has not been admitted shall be notified of the reasons for the decision.

3. Subsection 1 shall apply *mutatis mutandis* if no decision has been taken by the provincial council or the municipal council because of repeated tied votes or a tied vote at a plenary meeting on a resolution concerning admission.

Section V 14

1. An interested party may appeal against a decision as referred to in section V 13 to the Administrative Jurisdiction Division of the Council of State. Notwithstanding section 6:7 of the General Administrative Law Act, the notice of appeal must be filed within six days. Section D 9, subsections 2 to 4, shall apply *mutatis mutandis*.

2. In the case of an appeal concerning the admission of persons elected to a provincial council, the Administrative Jurisdiction Division shall give judgment no later than the twelfth day after the notice of appeal has been received.

Section V 15

1. If, by the time the members of a provincial or municipal council have to retire in rotation, approval of the credentials of over half of the statutory number of members has not become final, the members of the provincial or municipal council, as the case may be, shall remain in office until this has been done. During this period the members elected in the election shall not carry out their duties.

2. A place which falls vacant after the periodic retirement shall be filled in the same way as if it had fallen vacant previously.

Section V 16

The provisions of sections V 6, V 8 and V 10 shall not apply until the decision of the provincial council or the municipal council has become final.

CHAPTER W Replacement

Section W 1

1. If a vacancy must be filled other than pursuant to the determination of an election result, the chairperson of the central electoral committee shall declare in a reasoned decision, no later than the fourteenth day after the vacancy has come to his attention, the appointment of the eligible candidate who was placed highest in the order referred to in section P 19 on the list containing the person who must be replaced. If the member whose place must be filled ceased to hold office with effect from a particular date, the time limit referred to in the first sentence shall start on that date.

2. If a place which was filled by the application of section P 16, subsection 2, falls vacant, the chairperson of the central electoral committee shall declare, notwithstanding subsection 1, the appointment of the eligible candidate on a list from which a seat was withheld pursuant to section P 16, subsection 2.

3. If the list referred to in subsection 1 forms part of a group of lists and candidates who appear on one or more lists or sets of identical lists of that group have obtained, on the joint lists on which they appear, a number of votes exceeding 25% of the electoral quota but have not been elected pursuant to section P 15, the chairperson of the central electoral committee shall declare, notwithstanding subsection 1, the appointment of whichever of these candidates obtained the highest number of votes.

4. In the case of the replacement of a member of the Upper House or of a municipal council with fewer than nineteen seats, the figure taken into account for the purposes of subsection 3 shall be not 25% but half of the electoral quota.

5. If a vacancy occurs in respect of a place which had been filled pursuant to subsection 3, and subsection 3 may not be applied anew, the chairperson of the central electoral committee shall declare the appointment of the eligible candidate on a list from which a seat was withheld pursuant to subsection 3.

6. A model shall be established by ministerial order for the decision of the chairperson of the central electoral committee appointing a member of a representative assembly necessitated by:

- (a) the non-acceptance of an appointment by a candidate;
- (b) the non-admission of a candidate, or
- (c) the occurrence of a vacancy in the assembly.

Section W 2

1. For the purposes of section W 1, no account shall be taken of a candidate:

- (a) who has died;
- (b) whose vacancy is being filled;
- (c) who has been declared appointed to a vacancy but who has declared in writing that he does not accept the appointment or is deemed not to have accepted it, who has not filed the documents referred to in section V 3 in good time or who has not been admitted to the representative assembly by virtue of a final decision;
- (d) who is a member of the representative assembly or has been declared appointed as such if no final decision has yet been taken on his admission as a member;
- (e) from whom the chairperson of the central electoral committee has received a written declaration that he does not wish to be considered for the appointment;

(f) who, in the case of an election to a provincial or municipal council, cannot be appointed pursuant to section 12 of the Provinces Act or section 25a of the Municipalities Act.

2. A declaration as referred to in subsection 1(e) may be retracted.

3. A model for the declaration referred to in subsection 1(e) shall be established by ministerial order.

Section W 3

1. If, following the application of the provisions of this chapter, there is no longer any candidate eligible for appointment on the list for which the person who must be replaced was elected and this list forms a group of lists or a combined list with one or more other lists, the seat shall pass to one of the other lists pursuant to section P 13 or section U 13. The candidate on this list who is eligible for appointment according to the order determined in accordance with section P 19 shall be declared appointed. If there is no longer any candidate eligible for appointment on this list either, the place shall be awarded to another list forming part of the group or combination, as the case may be, by the further application of the provisions of this subsection, and so forth.

2. For the purposes of subsection 1, the first lists to be eligible shall be those which, together with the list in question, form a group of lists and thereafter the lists which have been merged with it to form a combined list.

Section W 4

1. If, in the case of replacement of members of a municipal council with nine or eleven members, there is no longer any candidate eligible for appointment on the list for which the person who must be replaced was elected or on the lists which form with it a group of lists or a combined list, a decision on which of the other lists will be awarded the place shall be taken pursuant to section P 10. The candidate on the list to which the place is awarded and who is eligible for appointment according to the order determined in accordance with section P 19 shall be declared appointed.
