SEC. 207. INFORMATION SHARING.

(a) Definitions.—In this section:

(1) Executive Council.—The term “Executive Council” means the Executive Council on Information Sharing established under subsection (h).

(2) Homeland security information.—The term “homeland security information” means all information, whether collected, produced, or distributed by intelligence, law enforcement, military, homeland security, or other activities relating to—

(A) the existence, organization, capabilities, plans, intentions, vulnerabilities, means of finance or material support, or activities of foreign or international terrorist groups or individ-
uals, or of domestic groups or individuals involved in transnational terrorism;

(B) threats posed by such groups or individuals to the United States, United States persons, or United States interests, or to those of other nations;

(C) communications of or by such groups or individuals; or

(D) groups or individuals reasonably believed to be assisting or associated with such groups or individuals.

(3) ENVIRONMENT.—The term “Environment” means the Information Sharing Environment as described under subsection (c).

(b) FINDINGS.—Consistent with the report of the National Commission on Terrorist Attacks upon the United States, Congress makes the following findings:

(1) The effective use of information, from all available sources, is essential to the fight against terror and the protection of our homeland. The biggest impediment to all-source analysis, and to a greater likelihood of “connecting the dots”, is resistance to sharing information.

(2) The United States Government has access to a vast amount of information, including not only
traditional intelligence but also other government databases, such as those containing customs or immigration information. However, the United States Government has a weak system for processing and using the information it has.

(3) In the period preceding September 11, 2001, there were instances of potentially helpful information that was available but that no person knew to ask for; information that was distributed only in compartmented channels, and information that was requested but could not be shared.

(4) Current security requirements nurture over-classification and excessive compartmentalization of information among agencies. Each agency’s incentive structure opposes sharing, with risks, including criminal, civil, and administrative sanctions, but few rewards for sharing information.

(5) The current system, in which each intelligence agency has its own security practices, requires a demonstrated “need to know” before sharing. This approach assumes that it is possible to know, in advance, who will need to use the information. An outgrowth of the cold war, such a system implicitly assumes that the risk of inadvertent disclosure outweighs the benefits of wider sharing.
Such assumptions are no longer appropriate. Although counterintelligence concerns are still real, the costs of not sharing information are also substantial. The current “need-to-know” culture of information protection needs to be replaced with a “need-to-share” culture of integration.

(6) A new approach to the sharing of intelligence and homeland security information is urgently needed. An important conceptual model for a new “trusted information network” is the Systemwide Homeland Analysis and Resource Exchange (SHARE) Network proposed by a task force of leading professionals assembled by the Markle Foundation and described in reports issued in October 2002 and December 2003.

(7) No single agency can create a meaningful information sharing system on its own. Alone, each agency can only modernize stovepipes, not replace them. Presidential leadership is required to bring about governmentwide change.

(c) INFORMATION SHARING ENVIRONMENT.—

(1) ESTABLISHMENT.—The President shall establish a trusted information network and secure information sharing environment to promote sharing of intelligence and homeland security information in
a manner consistent with national security and the
protection of privacy and civil liberties, and based on
clearly defined and consistently applied policies and
procedures, and valid investigative, analytical or
operational requirements.

(2) ATTRIBUTES.—The Environment shall pro-
mote coordination, communication and collaboration
of people and information among all relevant Fed-
eral departments and agencies, State, tribal, and
local authorities, and relevant private sector entities,
including owners and operators of critical infrastruc-
ture, by using policy guidelines and technologies that
support—

(A) a decentralized, distributed, and co-
ordinated environment that connects existing
systems where appropriate and allows users to
share information among agencies, between lev-
els of government, and, as appropriate, with the
private sector;

(B) the sharing of information in a form
and manner that facilitates its use in analysis,
investigations and operations;

(C) building upon existing systems capa-
bilities currently in use across the Government;
(D) utilizing industry best practices, including minimizing the centralization of data and seeking to use common tools and capabilities whenever possible;

(E) employing an information access management approach that controls access to data rather than to just networks;

(F) facilitating the sharing of information at and across all levels of security by using policy guidelines and technologies that support writing information that can be broadly shared;

(G) providing directory services for locating people and information;

(H) incorporating protections for individuals’ privacy and civil liberties;

(I) incorporating strong mechanisms for information security and privacy and civil liberties guideline enforcement in order to enhance accountability and facilitate oversight, including—

(i) multifactor authentication and access control;

(ii) strong encryption and data protection;

(iii) immutable audit capabilities;
(iv) automated policy enforcement;

(v) perpetual, automated screening for abuses of network and intrusions; and

(vi) uniform classification and handling procedures;

(J) compliance with requirements of applicable law and guidance with regard to the planning, design, acquisition, operation, and management of information systems;

Subtitle A—The Role of Diplomacy, Foreign Aid, and the Military in the War on Terrorism

SEC. 1001. FINDINGS.

Consistent with the report of the National Commission on Terrorist Attacks Upon the United States, Congress makes the following findings:

(1) Long-term success in the war on terrorism demands the use of all elements of national power, including diplomacy, military action, intelligence, covert action, law enforcement, economic policy, foreign aid, public diplomacy, and homeland defense.
(2) To win the war on terrorism, the United States must assign to economic and diplomatic capabilities the same strategic priority that is assigned to military capabilities.

(3) The legislative and executive branches of the Government of the United States must commit to robust, long-term investments in all of the tools necessary for the foreign policy of the United States to successfully accomplish the goals of the United States.

(4) The investments referred to in paragraph (3) will require increased funding to United States foreign affairs programs in general, and to priority areas as described in this title in particular.

SEC. 1002. TERRORIST SANCTUARIES.

(a) FINDINGS.—Consistent with the report of the National Commission on Terrorist Attacks Upon the United States, Congress makes the following findings:

(1) Complex terrorist operations require locations that provide such operations sanctuary from interference by government or law enforcement personnel.

(3) The terrorist sanctuary in Afghanistan pro-
vided direct and indirect value to members of al
Qaeda who participated in the terrorist attacks on
the United States on September 11, 2001, and in
other terrorist operations.

(4) Terrorist organizations have fled to some of
the least governed and most lawless places in the
world to find sanctuary.

(5) During the 21st century, terrorists are fo-
cusing on remote regions and failing states as loca-
tions to seek sanctuary.

(b) SENSE OF CONGRESS.—It is the sense of Con-
gress that—

(1) the United States Government should iden-
tify and prioritize locations that are or that could be
used as terrorist sanctuaries;

(2) the United States Government should have
a realistic strategy that includes the use of all ele-
ments of national power to keep possible terrorists
from using a location as a sanctuary;

(3) the United States Government should reach
out, listen to, and work with countries in bilateral
and multilateral fora to prevent locations from be-
coming sanctuaries and to prevent terrorists from
using locations as sanctuaries; and
(4) regions of specific concern where United States foreign assistance should be targeted to assist governments in efforts to prevent the use of such regions as terrorist sanctuaries are South Asia, South-east Asia, West Africa, the Horn of Africa, North and North Central Africa, the Arabian peninsula, Central and Eastern Europe, and South America;

SEC. 1003. ROLE OF PAKISTAN IN COUNTERING TERRORISM.

(a) FINDINGS.—Consistent with the report of the National Commission on Terrorist Attacks Upon the United States, Congress makes the following findings:

(1) The Government of Pakistan has a critical role to perform in the struggle against Islamist terrorism.

(2) The endemic poverty, widespread corruption, and frequent ineffectiveness of government in Pakistan create opportunities for Islamist recruitment.

(3) The poor quality of education in Pakistan is particularly worrying, as millions of families send their children to madrassahs, some of which have been used as incubators for violent extremism.

(4) The vast unpoliced regions in Pakistan make the country attractive to extremists seeking
refuge and recruits and also provide a base for operations against coalition forces in Afghanistan.

(5) A stable Pakistan, with a moderate, responsible government that serves as a voice of tolerance in the Muslim world, is critical to stability in the region.

(6) There is a widespread belief among the people of Pakistan that the United States has long treated them as allies of convenience.

(b) SENSE OF CONGRESS.—It is the sense of Congress that—

(1) the United States should make a long-term commitment to fostering a stable and secure future in Pakistan, as long as its leaders remain committed to combating extremists and extremism, ending the proliferation of weapons of mass destruction, securing its borders, and gaining internal control of all its territory while pursuing policies that strengthen civil society, promote moderation and advance socio-economic progress;

(2) Pakistan should make sincere efforts to transition to democracy, enhanced rule of law, and robust civil institutions, and United States policy toward Pakistan should promote such a transition;
(3) the United States assistance to Pakistan should be maintained at the overall levels requested by the President for fiscal year 2005;

(4) the United States should support the Government of Pakistan with a comprehensive effort that extends from military aid to support for better education;

(5) the United States Government should devote particular attention and resources to assisting in the improvement of the quality of education in Pakistan; and

(6) the Government of Pakistan should devote additional resources of such Government to expanding and improving modern public education in Pakistan.

SEC. 1004. AID TO AFGHANISTAN.

(a) FINDINGS.—Consistent with the report of the National Commission on Terrorist Attacks Upon the United States, Congress makes the following findings:

(1) The United States and its allies in the international community have made progress in promoting economic and political reform within Afghanistan, including the establishment of a central government with a democratic constitution, a new currency, and a new army, the increase of personal
freedom, and the elevation of the standard of living of many Afghans.

(2) A number of significant obstacles must be overcome if Afghanistan is to become a secure and prosperous democracy, and such a transition depends in particular upon—

(A) improving security throughout the country;

(B) disarming and demobilizing militias;

(C) curtailing the rule of the warlords;

(D) promoting equitable economic development;

(E) protecting the human rights of the people of Afghanistan;

(F) holding elections for public office; and

(G) ending the cultivation and trafficking of narcotics.

(3) The United States and the international community must make a long-term commitment to addressing the deteriorating security situation in Afghanistan and the burgeoning narcotics trade, endemic poverty, and other serious problems in Afghanistan in order to prevent that country from relapsing into a sanctuary for international terrorism.

(b) Sense of Congress.—
(1) ACTIONS FOR AFGHANISTAN.—It is the sense of Congress that the Government of the United States should take, with respect to Afghanistan, the following actions:

(A) Working with other nations to obtain long-term security, political, and financial commitments and fulfillment of pledges to the Government of Afghanistan to accomplish the objectives of the Afghanistan Freedom Support Act of 2002 (22 U.S.C. 7501 et seq.), especially to ensure a secure, democratic, and prosperous Afghanistan that respects the rights of its citizens and is free of international terrorist organizations.

(B) Using the voice and vote of the United States in relevant international organizations, including the North Atlantic Treaty Organization and the United Nations Security Council, to strengthen international commitments to assist the Government of Afghanistan in enhancing security, building national police and military forces, increasing counter-narcotics efforts, and expanding infrastructure and public services throughout the country.
(C) Taking appropriate steps to increase the assistance provided under programs of the Department of State and the United States Agency for International Development throughout Afghanistan and to increase the number of personnel of those agencies in Afghanistan as necessary to support the increased assistance.

(2) REVISION OF AFGHANISTAN FREEDOM SUPPORT ACT OF 2002.—It is the sense of Congress that Congress should, in consultation with the President, update and revise, as appropriate, the Afghanistan Freedom Support Act of 2002.

(c) AUTHORIZATION OF APPROPRIATIONS.—

(1) IN GENERAL.—There are authorized to be appropriated to the President for each of the fiscal years 2005 through 2009 such sums as may be necessary to provide assistance for Afghanistan, unless otherwise authorized by Congress, for the following purposes:

(A) For development assistance under sections 103, 105, and 106 of the Foreign Assistance Act of 1961 (22 U.S.C. 2151a, 2151c, and 2151d).

(B) For children’s health programs under the Child Survival and Health Program Fund

(C) For economic assistance under the Economic Support Fund under chapter 4 of part II of the Foreign Assistance Act of 1961 (22 U.S.C. 2346 et seq.).

(G) For Foreign Military Financing Program grants under section 23 of the Arms Export Control Act (22 U.S.C. 2763).

(2) CONDITIONS FOR ASSISTANCE.—Assistance provided by the President under this subsection—

(A) shall be consistent with the Afghanistan Freedom Support Act of 2002; and
(B) shall be provided with reference to the “Securing Afghanistan’s Future” document published by the Government of Afghanistan.

SEC. 1005. THE UNITED STATES-SAUDI ARABIA RELATIONSHIP.

(a) FINDINGS.—Consistent with the report of the National Commission on Terrorist Attacks Upon the United States, Congress makes the following findings:

(1) Despite a long history of friendly relations with the United States, Saudi Arabia has been a problematic ally in combating Islamist extremism.

(2) Cooperation between the Governments of the United States and Saudi Arabia has traditionally been carried out in private.

(3) Counterterrorism cooperation between the Governments of the United States and Saudi Arabia has improved significantly since the terrorist bombing attacks in Riyadh, Saudi Arabia, on May 12, 2003, especially cooperation to combat terror groups operating inside Saudi Arabia.

(4) The Government of Saudi Arabia is now pursuing al Qaeda within Saudi Arabia and has begun to take some modest steps toward internal reform.
(5) Nonetheless, the Government of Saudi Arabia has been at times unresponsive to United States requests for assistance in the global war on Islamist terrorism.

(6) The Government of Saudi Arabia has not done all it can to prevent nationals of Saudi Arabia from funding and supporting extremist organizations in Saudi Arabia and other countries.

(b) SENSE OF CONGRESS.—It is the sense of Congress that—

(1) the problems in the relationship between the United States and Saudi Arabia must be confronted openly, and the opportunities for cooperation between the countries must be pursued openly by those governments;

(2) both governments must build a relationship that they can publicly defend and that is based on other national interests in addition to their national interests in oil;

(3) this relationship should include a shared commitment to political and economic reform in Saudi Arabia;

(4) this relationship should also include a shared interest in greater tolerance and respect for other cultures in Saudi Arabia and a commitment to
fight the violent extremists who foment hatred in the
Middle East; and

(5) the Government of Saudi Arabia must do
all it can to prevent nationals of Saudi Arabia from
funding and supporting extremist organizations in
Saudi Arabia and other countries.

SEC. 1006. EFFORTS TO COMBAT ISLAMIST TERRORISM.

(a) FINDINGS.—Consistent with the report of the Na-
tional Commission on Terrorist Attacks Upon the United
States, Congress makes the following findings:

(1) While support for the United States has
plummeted in the Islamic world, many negative
views are uninformed, at best, and, at worst, are in-
formed by coarse stereotypes and caricatures.

(2) Local newspapers in Islamic countries and
influential broadcasters who reach Islamic audiences
through satellite television often reinforce the idea
that the people and Government of the United
States are anti-Muslim.

(b) SENSE OF CONGRESS.—It is the sense of Con-
gress that—

(1) the Government of the United States should
offer an example of moral leadership in the world
that includes a commitment to treat all people hu-
manely, abide by the rule of law, and be generous
to the people and governments of other countries;

(2) the United States should cooperate with
governments of Islamic countries to foster agree-
ment on respect for human dignity and opportunity,
and to offer a vision of a better future that includes
stressing life over death, individual educational and
economic opportunity, widespread political participa-
tion, contempt for indiscriminate violence, respect
for the rule of law, openness in discussing dif-
ferences, and tolerance for opposing points of view;

(3) the United States should encourage reform,
freedom, democracy, and opportunity for Arabs and
Muslims and promote moderation in the Islamic
world; and

(4) the United States should work to defeat ex-
tremist ideology in the Islamic world by providing
assistance to moderate Arabs and Muslims to com-
bat extremist ideas.

**SEC. 1007. UNITED STATES POLICY TOWARD DICTATOR-
SHIPS.**

(a) **Finding.—** Consistent with the report of the Na-
tional Commission on Terrorist Attacks Upon the United
States, Congress finds that short-term gains enjoyed by
the United States through cooperation with repressive die-
tatorships have often been outweighed by long-term set-
backs for the stature and interests of the United States.

(b) SENSE OF CONGRESS.—It is the sense of Con-
gress that—

(1) United States foreign policy should promote
the value of life and the importance of individual
educational and economic opportunity, encourage
widespread political participation, condemn indis-

criminate violence, and promote respect for the rule
of law, openness in discussing differences among
people, and tolerance for opposing points of view;
and

(2) the United States Government must prevail
upon the governments of all predominantly Muslim
countries, including those that are friends and allies
of the United States, to condemn indiscriminate vio-

cence, promote the value of life, respect and promote
the principles of individual education and economic
opportunity, encourage widespread political partici-
pation, and promote the rule of law, openness in dis-
cussing differences among people, and tolerance for
opposing points of view.
SEC. 1008. PROMOTION OF UNITED STATES VALUES THROUGH BROADCAST MEDIA.

(a) FINDINGS.—Consistent with the report of the National Commission on Terrorist Attacks Upon the United States, Congress makes the following findings:

(1) Although the United States has demonstrated and promoted its values in defending Muslims against tyrants and criminals in Somalia, Bosnia, Kosovo, Afghanistan, and Iraq, this message is not always clearly presented and understood in the Islamic world.

(2) If the United States does not act to vigorously define its message in the Islamic world, the image of the United States will be defined by Islamic extremists who seek to demonize the United States.

(3) Recognizing that many Arab and Muslim audiences rely on satellite television and radio, the United States Government has launched promising initiatives in television and radio broadcasting to the Arab world, Iran, and Afghanistan.

(b) SENSE OF CONGRESS.—It is the sense of Congress that—

(1) the United States must do more to defend and promote its values and ideals to the broadest possible audience in the Islamic world;
(2) United States efforts to defend and promote these values and ideals are beginning to ensure that accurate expressions of these values reach large audiences in the Islamic world and should be robustly supported;

(3) the United States Government could and should do more to engage the Muslim world in the struggle of ideas; and

(4) the United States Government should more intensively employ existing broadcast media in the Islamic world as part of this engagement.

(c) AUTHORIZATIONS OF APPROPRIATIONS.—There are authorized to be appropriated to the President for each of the fiscal years 2005 through 2009 such sums as may be necessary to carry out United States Government broadcasting activities under the United States Information and Educational Exchange Act of 1948 (22 U.S.C. 1431 et seq.), the United States International Broadcasting Act of 1994 (22 U.S.C. 6201 et seq.), and the Foreign Affairs Reform and Restructuring Act of 1998 (22 U.S.C. 6501 et seq.), and to carry out other activities under this section consistent with the purposes of such Acts, unless otherwise authorized by Congress.
SEC. 1009. EXPANSION OF UNITED STATES SCHOLARSHIP AND EXCHANGE PROGRAMS IN THE ISLAMIC WORLD.

(a) FINDINGS.—Consistent with the report of the National Commission on Terrorist Attacks Upon the United States, Congress makes the following findings:

(1) Exchange, scholarship, and library programs are effective ways for the United States Government to promote internationally the values and ideals of the United States.

(2) Exchange, scholarship, and library programs can expose young people from other countries to United States values and offer them knowledge and hope.

(b) SENSE OF CONGRESS.—It is the sense of Congress that the United States should expand its exchange, scholarship, and library programs, especially those that benefit people in the Arab and Muslim worlds.

(c) AUTHORITY TO EXPAND EDUCATIONAL AND CULTURAL EXCHANGES.—The President is authorized to substantially expand the exchange, scholarship, and library programs of the United States, especially such programs that benefit people in the Arab and Muslim worlds.

(d) AVAILABILITY OF FUNDS.—Of the amounts authorized to be appropriated for educational and cultural exchange programs in each of the fiscal years 2005
through 2009, there is authorized to be made available to the Secretary of State such sums as may be necessary to carry out programs under this section, unless otherwise authorized by Congress.

SEC. 1010. INTERNATIONAL YOUTH OPPORTUNITY FUND.

(a) FINDINGS.—Consistent with the report of the National Commission on Terrorist Attacks Upon the United States, Congress makes the following findings:

(1) Education that teaches tolerance, the dignity and value of each individual, and respect for different beliefs is a key element in any global strategy to eliminate Islamist terrorism.

(2) Education in the Middle East about the world outside that region is weak.

(3) The United Nations has rightly equated literacy with freedom.

(4) The international community is moving toward setting a concrete goal of reducing by half the illiteracy rate in the Middle East by 2010, through the implementation of education programs targeting women and girls and programs for adult literacy, and by other means.

(5) To be effective, efforts to improve education in the Middle East must also include—
(A) support for the provision of basic education tools, such as textbooks that translate more of the world’s knowledge into local languages and local libraries to house such materials; and

(B) more vocational education in trades and business skills.

(6) The Middle East can benefit from some of the same programs to bridge the digital divide that already have been developed for other regions of the world.

(b) INTERNATIONAL YOUTH OPPORTUNITY FUND.—

(1) ESTABLISHMENT.—The President shall establish an International Youth Opportunity Fund to provide financial assistance for the improvement of public education in the Middle East.

(2) INTERNATIONAL PARTICIPATION.—The President shall seek the cooperation of the international community in establishing and generously supporting the Fund.

(c) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated to the President for the establishment of the International Youth Opportunity Fund, in addition to any amounts otherwise available for such purpose, such sums as may be necessary for each
of the fiscal years 2005 through 2009, unless otherwise
authorized by Congress.

SEC. 1011. THE USE OF ECONOMIC POLICIES TO COMBAT
TERRORISM.

(a) FINDINGS.—Consistent with the report of the Na-
tional Commission on Terrorist Attacks Upon the United
States, Congress makes the following findings:

(1) While terrorism is not caused by poverty, 
breeding grounds for terrorism are created by back-
ward economic policies and repressive political re-
gimes.

(2) Policies that support economic development 
and reform also have political implications, as eco-
nomic and political liberties are often linked.

(3) The United States is working toward cre-
ating a Middle East Free Trade Area by 2013 and 
implementing a free trade agreement with Bahrain, 
and free trade agreements exist between the United 
States and Israel and the United States and Jordan.

(4) Existing and proposed free trade agree-
ments between the United States and Islamic coun-
tries are drawing interest from other countries in 
the Middle East region, and Islamic countries can 
become full participants in the rules-based global 
trading system, as the United States considers low-
ering its barriers to trade with the poorest Arab
countries.

(b) SENSE OF CONGRESS.—It is the sense of Con-
gress that—

(1) a comprehensive United States strategy to
counter terrorism should include economic policies
that encourage development, open societies, and op-
portunities for people to improve the lives of their
families and to enhance prospects for their children’s
future;

(2) one element of such a strategy should en-
compass the lowering of trade barriers with the
poorest countries that have a significant population
of Arab or Muslim individuals;

(3) another element of such a strategy should
ecompass United States efforts to promote eco-
nomic reform in countries that have a significant
population of Arab or Muslim individuals, including
efforts to integrate such countries into the global
trading system; and

(4) given the importance of the rule of law in
promoting economic development and attracting in-
vestment, the United States should devote an in-
creased proportion of its assistance to countries in
the Middle East to the promotion of the rule of law.
SEC. 1012. MIDDLE EAST PARTNERSHIP INITIATIVE.

(a) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated for each of the fiscal years 2005 through 2009 such sums as may be necessary for the Middle East Partnership Initiative, unless otherwise authorized by Congress.

(b) SENSE OF CONGRESS.—It is the sense of Congress that, given the importance of the rule of law and economic reform to development in the Middle East, a significant portion of the funds authorized to be appropriated under subsection (a) should be made available to promote the rule of law in the Middle East.

SEC. 1013. COMPREHENSIVE COALITION STRATEGY FOR FIGHTING TERRORISM.

(a) FINDINGS.—Consistent with the report of the National Commission on Terrorist Attacks Upon the United States, Congress makes the following findings:

(1) Almost every aspect of the counterterrorism strategy of the United States relies on international cooperation.

(2) Since September 11, 2001, the number and scope of United States Government contacts with foreign governments concerning counterterrorism have expanded significantly, but such contacts have often been ad hoc and not integrated as a comprehensive and unified approach.
(b) INTERNATIONAL CONTACT GROUP ON COUNTERTERRORISM.—

(1) SENSE OF CONGRESS.—It is the sense of Congress that the President—

(A) should seek to engage the leaders of the governments of other countries in a process of advancing beyond separate and uncoordinated national counterterrorism strategies to develop with those other governments a comprehensive coalition strategy to fight Islamist terrorism; and

(B) to that end, should seek to establish an international counterterrorism policy contact group with the leaders of governments providing leadership in global counterterrorism efforts and governments of countries with sizable Muslim populations, to be used as a ready and flexible international means for discussing and coordinating the development of important counterterrorism policies by the participating governments.

(2) AUTHORITY.—The President is authorized to establish an international counterterrorism policy contact group with the leaders of governments referred to in paragraph (1) for purposes as follows:
(A) To develop in common with such other countries important policies and a strategy that address the various components of international prosecution of the war on terrorism, including policies and a strategy that address military issues, law enforcement, the collection, analysis, and dissemination of intelligence, issues relating to interdiction of travel by terrorists, counterterrorism-related customs issues, financial issues, and issues relating to terrorist sanctuaries.

(B) To address, to the extent (if any) that the President and leaders of other participating governments determine appropriate, such long-term issues as economic and political reforms that can contribute to strengthening stability and security in the Middle East.

**SEC. 1014. TREATMENT OF FOREIGN PRISONERS.**

(a) FINDINGS.—Consistent with the report of the National Commission on Terrorist Attacks Upon the United States, Congress makes the following findings:

(1) Carrying out the global war on terrorism requires the development of policies with respect to the detention and treatment of captured international terrorists that are adhered to by all coalition forces.
(2) Article 3 of the Convention Relative to the Treatment of Prisoners of War, done at Geneva August 12, 1949 (6 UST 3316) was specifically designed for cases in which the usual rules of war do not apply, and the minimum standards of treatment pursuant to such Article are generally accepted throughout the world as customary international law.

(b) POLICY.—The policy of the United States is as follows:

(1) It is the policy of the United States to treat all foreign persons captured, detained, interned or otherwise held in the custody of the United States (hereinafter “prisoners”) humanely and in accordance with standards that the United States would consider legal if perpetrated by the enemy against an American prisoner.

(2) It is the policy of the United States that all officials of the United States are bound both in wartime and in peacetime by the legal prohibition against torture, cruel, inhuman or degrading treatment.

(3) If there is any doubt as to whether prisoners are entitled to the protections afforded by the Geneva Conventions, such prisoners shall enjoy the
protections of the Geneva Conventions until such
time as their status can be determined pursuant to
the procedures authorized by Army Regulation 190–
8, Section 1–6.

(4) It is the policy of the United States to expedi-
diously prosecute cases of terrorism or other crimi-
nal acts alleged to have been committed by prisoners
in the custody of the United States Armed Forces
at Guantanamo Bay, Cuba, in order to avoid the in-
definite detention of prisoners, which is contrary to
the legal principles and security interests of the
United States.

c) REPORTING.—The Department of Defense shall
submit to the appropriate congressional committees:

(1) A quarterly report providing the number of
prisoners who were denied Prisoner of War (POW)
status under the Geneva Conventions and the basis
for denying POW status to each such prisoner.

(2) A report setting forth—

(A) the proposed schedule for military
commissions to be held at Guantanamo Bay,
Cuba; and

(B) the number of individuals currently
held at Guantanamo Bay, Cuba, the number of
such individuals who are unlikely to face a mili-
tary commission in the next six months, and
each reason for not bringing such individuals
before a military commission.

(3) All International Committee of the Red
Cross reports, completed prior to the enactment of
this Act, concerning the treatment of prisoners in
United States custody at Guantanamo Bay, Cuba,
Iraq, and Afghanistan. Such ICRC reports should be
provided, in classified form, not later than 15 days
after enactment of this Act.

(4) A report setting forth all prisoner interroga-
tion techniques approved by officials of the United
States.

(d) Annual Training Requirement.—The De-
partment of Defense shall certify that all Federal employ-
ees and civilian contractors engaged in the handling or in-
terrogating of prisoners have fulfilled an annual training
requirement on the laws of war, the Geneva Conventions
and the obligations of the United States under inter-
national humanitarian law.

(e) Prohibition on Torture or Cruel, Inhu-
mane, or Degrading Treatment or Punishment.—

(1) In general.—No prisoner shall be subject
to torture or cruel, inhumane, or degrading treat-
ment or punishment that is prohibited by the Con-
stitution, laws, or treaties of the United States.

(2) RELATIONSHIP TO GENEVA CONVEN-
tIONS.—Nothing in this section shall affect the sta-
tus of any person under the Geneva Conventions or
whether any person is entitled to the protections of
the Geneva Conventions.

(f) RULES, REGULATIONS, AND GUIDELINES.—

(1) REQUIREMENT.—Not later than 180 days
after the date of the enactment of this Act, the Sec-
retary and the Director shall prescribe the rules,
regulations, or guidelines necessary to ensure com-
pliance with the prohibition in subsection (e)(1) by
all personnel of the United States Government and
by any person providing services to the United
States Government on a contract basis.

(2) REPORT TO CONGRESS.—The Secretary and
the Director shall submit to Congress the rules, reg-
ulations, or guidelines prescribed under paragraph
(1), and any modifications to such rules, regulations,
or guidelines—

(A) not later than 30 days after the effec-
tive date of such rules, regulations, guidelines,
or modifications; and
(B) in a manner and form that will protect
the national security interests of the United
States.

(g) Reports on Possible Violations.—

(1) Requirement.—The Secretary and the Di-
rector shall each submit, on a timely basis and not
less than twice each year, a report to Congress on
the circumstances surrounding any investigation of a
possible violation of the prohibition in subsection
(e)(1) by United States Government personnel or by
a person providing services to the United States
Government on a contract basis.

(2) Form of Report.—A report required
under paragraph (1) shall be submitted in a manner
and form that—

(A) will protect the national security inter-
est of the United States; and

(B) will not prejudice any prosecution of
an individual involved in, or responsible for, a
violation of the prohibition in subsection (e)(1).

(h) Report on a Coalition Approach Toward
the Detention and Humane Treatment of Cap-
tured Terrorists.—Not later than 180 days after the
date of the enactment of this Act, the President shall sub-
mit to Congress a report describing the efforts of the
United States Government to develop an approach toward
the detention and humane treatment of captured inter-
national terrorists that will be adhered to by all countries
that are members of the coalition against terrorism.

(i) DEFINITIONS.—In this section:

(1) CRUEL, INHUMANE, OR DEGRADING TREAT-
MENT OR PUNISHMENT.—The term “cruel, inhu-
mane, or degrading treatment or punishment”
means the cruel, unusual, and inhumane treatment
or punishment prohibited by the fifth amendment,
eighth amendment, or fourteenth amendment to the
Constitution.

the National Intelligence Director.

va Conventions” means—

the Condition of the Wounded and Sick in
Armed Forces in the Field, done at Geneva Au-
gust 12, 1949 (6 UST 3114);

SEC. 1015. PROLIFERATION OF WEAPONS OF MASS DESTRUCTION.

(a) FINDINGS.—Consistent with the report of the National Commission on Terrorist Attacks Upon the United States, Congress makes the following findings:

(1) Al Qaeda and other terror groups have tried to acquire or make weapons of mass destruction since 1994 or earlier.

(2) The United States doubtless would be a prime target for use of any such weapon by al Qaeda.

(3) Although the United States Government has supported the Cooperative Threat Reduction, Global Threat Reduction Initiative, and other nonprolifera-
tion assistance programs, nonproliferation experts continue to express deep concern about the adequacy of such efforts to secure weapons of mass destruction and related materials that still exist in Russia, other countries of the former Soviet Union, and around the world.

(4) The cost of increased investment in the prevention of proliferation of weapons of mass destruction and related materials is greatly outweighed by the potentially catastrophic cost to the United States of the use of such weapons by terrorists.

(5) The Cooperative Threat Reduction, Global Threat Reduction Initiative, and other nonproliferation assistance programs are the United States primary method of preventing the proliferation of weapons of mass destruction and related materials from Russia and the states of the former Soviet Union, but require further expansion, improvement, and resources.

(6) Better coordination is needed within the executive branch of government for the budget development, oversight, and implementation of the Cooperative Threat Reduction, Global Threat Reduction Initiative, and other nonproliferation assistance programs, and critical elements of such programs are
operated by the Departments of Defense, Energy, and State.

(7) The effective implementation of the Cooperative Threat Reduction, Global Threat Reduction Initiative, and other nonproliferation assistance programs in the countries of the former Soviet Union is hampered by Russian behavior and conditions on the provision of assistance under such programs that are unrelated to bilateral cooperation on weapons dismantlement.

(b) Sense of Congress.—It is the sense of Congress that—

(1) maximum effort to prevent the proliferation of weapons of mass destruction and related materials, wherever such proliferation may occur, is warranted;

(2) the Cooperative Threat Reduction, Global Threat Reduction Initiative, and other nonproliferation assistance programs should be expanded, improved, accelerated, and better funded to address the global dimensions of the proliferation threat; and

(3) the Proliferation Security Initiative is an important counterproliferation program that should be expanded to include additional partners.
(c) Cooperative Threat Reduction, Global Threat Reduction Initiative, and other nonproliferation assistance programs.—In this section, the term “Cooperative Threat Reduction, Global Threat Reduction Initiative, and other nonproliferation assistance programs” includes—

(1) the programs specified in section 1501(b) of the National Defense Authorization Act for Fiscal Year 1997 (Public Law 104–201; 50 U.S.C. 2362 note);

(2) the activities for which appropriations are authorized by section 3101(a)(2) of the National Defense Authorization Act for Fiscal Year 2004 (Public Law 108–136; 117 Stat. 1742);

(3) the Department of State program of assistance to science centers;

(4) the Global Threat Reduction Initiative of the Department of Energy; and

(5) a program of any agency of the Federal Government having the purpose of assisting any foreign government in preventing nuclear weapons, plutonium, highly enriched uranium, or other materials capable of sustaining an explosive nuclear chain reaction, or nuclear weapons technology from becoming available to terrorist organizations.
(d) Strategy and Plan.—

(1) Strategy.—Not later than 180 days after the date of the enactment of this Act, the President shall submit to Congress—

(A) a comprehensive strategy for expanding and strengthening the Cooperative Threat Reduction, Global Threat Reduction Initiative, and other nonproliferation assistance programs; and

(B) an estimate of the funding necessary to execute such strategy.

(2) Plan.—The strategy required by paragraph (1) shall include a plan for securing the nuclear weapons and related materials that are the most likely to be acquired or sought by, and susceptible to becoming available to, terrorist organizations, including—

(A) a prioritized list of the most dangerous and vulnerable sites;

(B) measurable milestones for improving United States nonproliferation assistance programs;

(C) a schedule for achieving such milestones; and
(D) initial estimates of the resources necessary to achieve such milestones under such schedule.

SEC. 1016. FINANCING OF TERRORISM.

(a) FINDINGS.—Consistent with the report of the National Commission on Terrorist Attacks Upon the United States, Congress makes the following findings:

(1) While efforts to designate and freeze the assets of terrorist financiers have been relatively unsuccessful, efforts to target the relatively small number of al Qaeda financial facilitators have been valuable and successful.

(2) The death or capture of several important financial facilitators has decreased the amount of money available to al Qaeda, and has made it more difficult for al Qaeda to raise and move money.

(3) The capture of al Qaeda financial facilitators has provided a windfall of intelligence that can be used to continue the cycle of disruption.

(4) The United States Government has rightly recognized that information about terrorist money helps in understanding terror networks, searching them out, and disrupting their operations.

(b) SENSE OF CONGRESS.—It is the sense of Congress that—
(1) a critical weapon in the effort to stop terrorist financing should be the targeting of terrorist financial facilitators by intelligence and law enforcement agencies; and

(2) efforts to track terrorist financing must be paramount in United States counter-terrorism efforts.

(c) REPORT ON TERRORIST FINANCING.—

(1) IN GENERAL.—Not later than 180 days after the date of the enactment of this Act, the President shall submit to Congress a report evaluating the effectiveness of United States efforts to curtail the international financing of terrorism.

(A) the effectiveness of efforts and methods to the identification and tracking of terrorist financing;

(B) ways to improve multinational and international governmental cooperation in this effort;

(C) ways to improve the effectiveness of financial institutions in this effort;

SEC. 1018. EFFECTIVE DATE.

Notwithstanding section 341 or any other provision of this Act, this title shall take effect on the date of the enactment of this Act.

Subtitle B—Terrorist Travel and Effective Screening

SEC. 1021. COUNTERTERRORIST TRAVEL INTELLIGENCE.

(a) FINDINGS.—Consistent with the report of the National Commission on Terrorist Attacks Upon the United States, Congress makes the following findings:

(1) Travel documents are as important to terrorists as weapons since terrorists must travel clandestinely to meet, train, plan, case targets, and gain access to attack sites.

(2) International travel is dangerous for terrorists because they must surface to pass through regular
lated channels, present themselves to border security
officials, or attempt to circumvent inspection points.

(3) Terrorists use evasive, but detectable, meth-
ods to travel, such as altered and counterfeit pass-
ports and visas, specific travel methods and routes,
liaisons with corrupt government officials, human
smuggling networks, supportive travel agencies, and
immigration and identity fraud.

(4) Before September 11, 2001, no Federal
agency systematically analyzed terrorist travel strat-
egies. If an agency had done so, the agency could
have discovered the ways in which the terrorist pred-
ecursors to al Qaeda had been systematically, but
detectably, exploiting weaknesses in our border secu-
rity since the early 1990s.

(5) Many of the hijackers were potentially vul-
nerable to interception by border authorities. Ana-
lyzing their characteristic travel documents and trav-
el patterns could have allowed authorities to inter-
cept some of the hijackers and a more effective use
of information available in Government databases
could have identified some of the hijackers.

(6) The routine operations of our immigration
laws and the aspects of those laws not specifically
aimed at protecting against terrorism inevitably shaped al Qaeda’s planning and opportunities.

(7) New insights into terrorist travel gained since September 11, 2001, have not been adequately integrated into the front lines of border security.

(8) The small classified terrorist travel intelligence collection and analysis program currently in place has produced useful results and should be expanded.

(b) STRATEGY.—

(1) IN GENERAL.—Not later than 1 year after the date of enactment of this Act, the Secretary of Homeland Security shall submit to Congress unclassified and classified versions of a strategy for combining terrorist travel intelligence, operations, and law enforcement into a cohesive effort to intercept terrorists, find terrorist travel facilitators, and constrain terrorist mobility domestically and internationally. The report to Congress should include a description of the actions taken to implement the strategy.

(2) ACCOUNTABILITY.—The strategy submitted under paragraph (1) shall—

cluding the Human Smuggling and Trafficking Center;

tained at consulates and ports of entry, and by

ance to advance border security measures and
law enforcement operations against terrorist
travel facilitators;

(I) the development of a program to pro-
vide each consular, port of entry, and immigra-
tion benefits office with a counterterrorist travel
expert trained and authorized to use the rel-
levant authentication technologies and cleared to
access all appropriate immigration, law enforce-
ment, and intelligence databases;
(J) the feasibility of digitally transmitting passport information to a central cadre of specialists until such time as experts described under subparagraph (I) are available at consular, port of entry, and immigration benefits offices; and

(K) granting consular officers and immigration adjudicators, as appropriate, the security clearances necessary to access law enforcement sensitive and intelligence databases.

(c) FRONTLINE COUNTERTERRORIST TRAVEL TECHNOLOGY AND TRAINING.—

(ii) detecting terrorist indicators on travel documents;

(iii) recognizing travel patterns, tactics, and behaviors exhibited by terrorists;

(iv) the use of information contained in available databases and data systems and procedures to maintain the accuracy and integrity of such systems; and

(v) other topics determined necessary by the Secretary of Homeland Security and the Secretary of State.

(D) CERTIFICATION.—Not later than 1 year after the date of enactment of this Act—

(i) the Secretary of Homeland Security shall certify to Congress that all border and immigration officials who encounter or work with travel or immigration doc-
documents as part of their duties have received training under this paragraph; and
(ii) the Secretary of State shall certify to Congress that all consular officers who encounter or work with travel or immigration documents as part of their duties have received training under this paragraph.

(g) Expediting Registered Travelers Across International Borders.—

(1) Findings.—Consistent with the report of the National Commission on Terrorist Attacks Upon the United States, Congress finds that—
(A) expediting the travel of previously screened and known travelers across the borders of the United States should be a high priority; and

SEC. 1024. TRAVEL DOCUMENTS.

(a) FINDINGS.—Consistent with the report of the National Commission on Terrorist Attacks Upon the United States, Congress finds that—

(1) existing procedures allow many individuals to enter the United States by showing minimal identification or without showing any identification;

(2) the planning for the terrorist attacks of September 11, 2001, demonstrates that terrorists study and exploit United States vulnerabilities; and

(3) additional safeguards are needed to ensure that terrorists cannot enter the United States.
(b) Biometric Passports.—

(1) Development of Plan.—The Secretary of State, in consultation with the Secretary of Homeland Security, shall develop and implement a plan as expeditiously as possible to require biometric passports or other identification deemed by the Secretary of State to be at least as secure as a biometric passport, for all travel into the United States by United States citizens and by categories of individuals for whom documentation requirements have previously been waived under section 212(d)(4)(B) of the Immigration and Nationality Act (8 U.S.C. 1182(d)(4)(B)).

(C) in the case of humanitarian or national interest reasons in individual cases.

(d) TRANSIT WITHOUT VISA PROGRAM.—The Secretary of State shall not use any authorities granted under section 212(d)(4)(C) of such Act until the Secretary, in conjunction with the Secretary of Homeland Security,
completely implements a security plan to fully ensure secure transit passage areas to prevent aliens proceeding in immediate and continuous transit through the United States from illegally entering the United States.

SEC. 1025. EXCHANGE OF TERRORIST INFORMATION AND INCREASED PREINSPECTION AT FOREIGN AIRPORTS.

(a) FINDINGS.—Consistent with the report of the National Commission on Terrorist Attacks Upon the United States, Congress finds that—

(1) the exchange of terrorist information with other countries, consistent with privacy requirements, along with listings of lost and stolen passports, will have immediate security benefits; and

(2) the further away from the borders of the United States that screening occurs, the more security benefits the United States will gain.

(b) SENSE OF CONGRESS.—It is the sense of Congress that—

(1) the United States Government should exchange terrorist information with trusted allies;

(2) the United States Government should move toward real-time verification of passports with issuing authorities;
(3) where practicable the United States Government should conduct screening before a passenger departs on a flight destined for the United States;

(4) the United States Government should work with other countries to ensure effective inspection regimes at all airports;

(5) the United States Government should work with other countries to improve passport standards and provide foreign assistance to countries that need help making the transition to the global standard for identification; and

(6) the Department of Homeland Security, in coordination with the Department of State and other agencies, should implement the initiatives called for in this subsection.

(c) Report Regarding the Exchange of Terrorist Information.—

(1) In general.—Not later than 180 days after the date of enactment of this Act, the Secretary of State and the Secretary of Homeland Security, working with other agencies, shall submit to the appropriate committees of Congress a report on Federal efforts to collaborate with allies of the United States in the exchange of terrorist information.
(2) CONTENTS.—The report shall outline—

(A) strategies for increasing such collabor-
ration and cooperation;
(B) progress made in screening passengers
before their departure to the United States; and
(C) efforts to work with other countries to
accomplish the goals described under this sec-
tion.

(d) PREINSPECTION AT FOREIGN AIRPORTS.—

(1) IN GENERAL.—Section 235A(a)(4) of the
Immigration and Nationality Act (8 U.S.C.

January 1, 2008, the Secretary of Homeland Secu-
rity, in consultation with the Secretary of State,
shall establish preinspection stations in at least 25
additional foreign airports, which the Secretary of
Homeland Security, in consultation with the Sec-
retary of State, determines, based on the data com-
piled under paragraph (3) and such other informa-
tion as may be available, would most effectively fa-
cilitate the travel of admissible aliens and reduce the
number of inadmissible aliens, especially aliens who
are potential terrorists, who arrive from abroad by
air at points of entry within the United States. Such
preinspection stations shall be in addition to those established prior to September 30, 1996, or pursuant to paragraph (1).”.

(2) REPORT.—Not later than June 30, 2006, the Secretary of Homeland Security and the Secretary of State shall submit a report on the progress being made in implementing the amendment made by paragraph (1) to—

SEC. 1043. URBAN AREA COMMUNICATIONS CAPABILITIES.

(a) IN GENERAL.—Title V of the Homeland Security Act of 2002 (6 U.S.C. 311 et seq.) is amended by adding at the end the following:

“SEC. 510. HIGH RISK URBAN AREA COMMUNICATIONS CAPABILITIES.

“The Secretary, in consultation with the Federal Communications Commission and the Secretary of Defense, and with appropriate governors, mayors, and other State and local government officials, shall encourage and support the establishment of consistent and effective communications capabilities in the event of an emergency in urban areas determined by the Secretary to be at consistently high levels of risk from terrorist attack. Such communications capabilities shall ensure the ability of all levels of government agencies, including military authorities, and of first responders, hospitals, and other organizations with emergency response capabilities to communicate with each other in the event of an emergency. Additionally, the Secretary, in conjunction with the Secretary of Defense, shall develop plans to provide back-up and additional communications support in the event of an emergency.”.
(b) **TECHNICAL AND CONFORMING AMENDMENT.**—

Section 1(b) of that Act is amended by inserting after the item relating to section 509 the following:

“Sec. 510. High risk urban area communications capabilities.”.

**SEC. 1044. PRIVATE SECTOR PREPAREDNESS.**

(a) **FINDINGS.**—Consistent with the report of the National Commission on Terrorist Attacks Upon the United States, Congress makes the following findings:

(1) Private sector organizations own 85 percent of the Nation’s critical infrastructure and employ the vast majority of the Nation’s workers.

(2) Unless a terrorist attack targets a military or other secure government facility, the first people called upon to respond will likely be civilians.

(3) Despite the exemplary efforts of some private entities, the private sector remains largely unprepared for a terrorist attack, due in part to the lack of a widely accepted standard for private sector preparedness.

(4) Preparedness in the private sector and public sector for rescue, restart and recovery of operations should include—

(A) a plan for evacuation;

(B) adequate communications capabilities;

and

(C) a plan for continuity of operations.
(5) The American National Standards Institute recommends a voluntary national preparedness standard for the private sector based on the existing American National Standard on Disaster/Emergency Management and Business Continuity Programs (NFPA 1600), with appropriate modifications. This standard would establish a common set of criteria and terminology for preparedness, disaster management, emergency management, and business continuity programs.

(6) The mandate of the Department of Homeland Security extends to working with the private sector, as well as government entities.

(1) terminate any payment of grant funds scheduled to be made to the recipient;

(2) reduce the amount of payment of grant funds to the recipient by an amount equal to the amount of grant funds that were not expended by the recipient in accordance with such guidelines; or

(3) limit the use of grant funds received under the Threat Based Homeland Security Grant Program to programs, projects, or activities not affected by the failure to comply.

(d) Duration of Penalty.—The Secretary shall apply an appropriate penalty under subsection (c) until such time as the Secretary determines that the grant re-
recipient is in full compliance with the guidelines established
by the Department of Homeland Security.

(1) indicates whether the methodologies and technologies used by the Bureau to screen for and detect the presence of chemical, nuclear, biological, and radiological weapons in municipal solid waste are as effective as the methodologies and technologies used by the Bureau to screen for such materials in other items of commerce entering into the United States by commercial motor vehicle transport; and

(2) if the methodologies and technologies used to screen solid waste are less effective than those used to screen other commercial items, identifies the actions that the Bureau will take to achieve the same level of effectiveness in the screening of solid
waste, including the need for additional screening technologies.

SEC. 1062. FINDINGS.

The Congress finds the following:

(1) In its final report, the 9–11 Commission advocated that Congress pass legislation providing for the expedited and increased assignment of radio spectrum for public safety purposes. The 9–11 Commission stated that this spectrum was necessary to improve communications between local, State and
Federal public safety organizations and public safety organizations operating in neighboring jurisdictions that may respond to an emergency in unison.

(2) Specifically, the 9–11 Commission report stated “The inability to communicate was a critical element at the World Trade Center, Pentagon and Somerset County, Pennsylvania, crash sites, where multiple agencies and multiple jurisdictions responded. The occurrence of this problem at three very different sites is strong evidence that compatible and adequate communications among public safety organizations at the local, State, and Federal levels remains an important problem.”.

(3) In the Balanced Budget Act of 1997, the Congress directed the FCC to allocate spectrum currently being used by television broadcasters to public safety agencies to use for emergency communications. This spectrum has specific characteristics that make it an outstanding choice for emergency communications because signals sent over these frequencies are able to penetrate walls and travel great distances, and can assist multiple jurisdictions in deploying interoperable communications systems.

(4) This spectrum will not be fully available to public safety agencies until the completion of the
digital television transition. The need for this spec-
trum is greater than ever. The nation cannot risk
further loss of life due to public safety agencies’ first
responders’ inability to communicate effectively in
the event of another terrorist act or other crisis,
such as a hurricane, tornado, flood, or earthquake.

(5) In the Balanced Budget Act of 1997, Con-
gress set a date of December 31, 2006, for the ter-
mination of the digital television transition. Under
current law, however, the deadline will be extended
if fewer than 85 percent of the television households
in a market are able to continue receiving local tele-
vision broadcast signals.

(6) Federal Communications Commission
Chairman Michael K. Powell testified at a hearing
before the Senate Commerce, Science, and Transpor-
tation Committee on September 8, 2004, that, ab-
sent government action, this extension may allow the
digital television transition to continue for “decades”
or “multiples of decades”.

(7) The Nation’s public safety and welfare can-
not be put off for “decades” or “multiples of dec-
ades”. The Federal government should ensure that
this spectrum is available for use by public safety or-
izations by January 1, 2009.
(8) Any plan to end the digital television transition would be incomplete if it did not ensure that consumers would be able to continue to enjoy over-the-air broadcast television with minimal disruption. If broadcasters air only a digital signal, some consumers may be unable to view digital transmissions using their analog-only television set. Local broadcasters are truly an important part of our homeland security and often an important communications vehicle in the event of a national emergency. Therefore, consumers who rely on over-the-air television, particularly those of limited economic means, should be assisted.

(9) The New America Foundation has testified before Congress that the cost to assist these 17.4 million exclusively over-the-air households to continue to view television is less than $1 billion dollars for equipment, which equates to roughly 3 percent of the Federal revenue likely from the auction of the analog television spectrum.

(10) Specifically, the New America Foundation has estimated that the Federal Government’s auction of this spectrum could yield $30-to-$40 billion in revenue to the Treasury. Chairman Powell stated at the September 8, 2004, hearing that “estimates
of the value of that spectrum run anywhere from $30 billion to $70 billion”.

(11) Additionally, there will be societal benefits with the return of the analog broadcast spectrum. Former FCC Chairman Reed F. Hundt, at an April 28, 2004, hearing before the Senate Commerce, Science, and Transportation Committee, testified that this spectrum “should be the fit and proper home of wireless broadband”. Mr. Hundt continued, “Quite literally, [with this spectrum] the more millions of people in rural America will be able to afford Big Broadband Internet access, the more hundreds of millions of people in the world will be able to afford joining the Internet community.”.

(12) Due to the benefits that would flow to the Nation’s citizens from the Federal Government reclaiming this analog television spectrum—including the safety of our Nation’s first responders and those protected by first responders, additional revenues to the Federal treasury, millions of new jobs in the telecommunications sector of the economy, and increased wireless broadband availability to our Nation’s rural citizens—Congress finds it necessary to set January 1, 2009, as a firm date for the return of this analog television spectrum.
SEC. 1063. SETTING A SPECIFIC DATE FOR THE AVAILABILITY OF SPECTRUM FOR PUBLIC SAFETY ORGANIZATIONS AND CREATING A DEADLINE FOR THE TRANSITION TO DIGITAL TELEVISION.

(a) In general.—Section 309(j)(14) of the Communications Act of 1934 (47 U.S.C. 309(j)(14)) is amended by adding at the end the following:

"(E) ACCELERATION OF DEADLINE FOR PUBLIC SAFETY USE.—

"(i) Notwithstanding subparagraphs (A) and (B), the Commission shall take all action necessary to complete by December 31, 2007—

"(I) the return of television station licenses operating on channels between 764 and 776 megahertz and between 794 and 806 megahertz; and

"(II) assignment of the electromagnetic spectrum between 764 and 776 megahertz, and between 794 and 806 megahertz, for public safety services.

"(ii) Notwithstanding subparagraphs (A) and (B), the Commission shall have the authority to modify, reassign, or re-
quire the return of, the television station licenses assigned to frequencies between 758 and 764 megahertz, 776 and 782 megahertz, and 788 and 794 megahertz as necessary to permit operations by public safety services on frequencies between 764 and 776 megahertz and between 794 and 806 megahertz, after the date of enactment of this section, but such modifications, reassignments, or returns may not take effect until after December 31, 2007.”.

(b) The FCC may waive the requirements of sections (i) and (ii) and such other rules as necessary—

(A) in the absence of a bona fide request from relevant first responders in the affected designated market area, and;

(B) to the extent necessary to avoid consumer disruption but only if all relevant public safety entities are able to use such frequencies free of interference by December 31, 2007, or are otherwise able to resolve interference issues with relevant broadcast licensee by mutual agreement.”
SEC. 1064. STUDIES OF COMMUNICATIONS CAPABILITIES AND NEEDS.

(a) In General.—The Commission, in consultation with the Secretary of Homeland Security, shall conduct a study to assess strategies that may be used to meet public safety communications needs, including—

(1) the short-term and long-term need for additional spectrum allocation for Federal, State, and local first responders, including an additional allocation of spectrum in the 700 megaHertz band;

(2) the need for a nationwide interoperable broadband mobile communications network;

(3) the ability of public safety entities to utilize wireless broadband applications; and

(4) the communications capabilities of first receivers such as hospitals and health care workers, and current efforts to promote communications coordination and training among the first responders and the first receivers.

(b) Reallocation Study.—The Commission shall conduct a study to assess the advisability of reallocating any amount of spectrum in the 700 megaHertz band for unlicensed broadband uses. In the study, the Commission shall consider all other possible users of this spectrum, including public safety.
(c) REPORT.—The Commission shall report the results of the studies, together with any recommendations it may have, to the Senate Committee on Commerce, Science, and Transportation and the House of Representatives Committee on Energy and Commerce within 1 year after the date of enactment of this Act.

(4) part of improving private sector preparedness is mitigating the risks of terrorist attack on critical infrastructure by ensuring that private security officers who protect those facilities are properly screened to determine their suitability;

(bb) charged with a criminal felony for which there has been
no resolution during the preceding 365 days; or

(II) a participating State that has State standards for qualification to be a private security officer, the State shall use the information received pursuant to this section in applying the State standards and shall only notify the employer of the results of the application of the State standards.

(E) FREQUENCY OF REQUESTS.—An authorized employer may request a criminal history record information search for an employee only once every 12 months of continuous employment by that employee unless the authorized employer has good cause to submit additional requests.
